## Department of Industrial Engineering and Management Systems

### Faculty Position

The Department of Industrial Engineering and Management Systems (IEMS) of the University of Central Florida (UCF), Orlando, Florida, (<http://www.iems.ucf.edu>) invites applications for a tenure-track position at the Assistant Professor level to start August 2010. A doctorate in industrial engineering or systems engineering (or closely related field) is required at the time of hire. Of particular interest are candidates who can demonstrate strong record of research, teaching and service in established areas of industrial engineering, including systems engineering, health care engineering, quality engineering, or engineering management.

The search committee will pay special attention to research background, publications, external funding and other related credentials that will further strengthen the mission of the department. The successful candidate will be expected to teach and advise students at the undergraduate and graduate levels, supervise graduate students' research, and establish a strong externally funded research program.

Located in the Orlando Metropolitan area, the University of Central is the third largest university in the U.S. The IEMS Department is home to 17 full-time faculty, 220 undergraduate students and over 200 graduate students. Opportunities abound for research and partnerships with local high-tech industries and with governmental agencies, and the military. The department seeks candidates with the innovation and creative ideas and a desire to realize revolutionary gains in research and education.

All applicants for this position are required to complete the application on the UCF web site: [www.jobswithucf.com/applicants/Central?quickFind=74403](http://www.jobswithucf.com/applicants/Central?quickFind=74403)

The application should include a cover letter; and a list of three references, with addresses, phone numbers, and email addresses. For further information, please contact:

Dr. Ahmad Elshennawy  
Search Committee Chair  
Depart. of Industrial Engineering and Management Systems  
University of Central Florida  
P.O Box 162993  
Orlando, Florida 32816-2993

Screening of applications will begin January 15, 2010 and will continue until the position is filled.

The University of Central Florida is an Equal Opportunity/Affirmative Action employer. As an agency of the State of Florida, all application materials (including transcripts) and selection procedures are available for public review.
