

April 2011 Meeting

INCOSE Wasatch Chapter

Empowering the Organization Through Model-Based Systems Engineering (MBSE)

- James Plimpton

Mr. Plimpton will discuss how to empower an organization through MBSE.

- How MBSE impacts systems engineering thinking and how the output of MBSE activities can impact other parts of the organization.
- How the systems engineering organization's output can be increased in value by following MBSE techniques.
- What is the impact on the engineering enterprise in the context of cost and risk reduction.

WHEN: Thursday April 21st @ 6:00pm

WHERE: L-3 Communications
640 North 2200 West
Salt Lake City, UT

WHAT: Presentation by James Plimpton followed by group Q&A

Please RSVP by April 15th
