

August 2010 Meeting

# INCOSE Wasatch Chapter

## Obstacles to the Flow of Requirements Verification - Alan B. Marchant

Please join us as Alan Marchant presents his afore mentioned paper, which was recently published in the **INCOSE Systems Engineering Journal (Volume 13 Issue 1 (Spring 2010))**

- The paper is available on the calendar tab of the chapter website ([www.incose.org/wasatch](http://www.incose.org/wasatch))

**WHEN:** Wednesday August 25<sup>th</sup> @ 6pm

**WHERE:** L-3 Communications  
640 North 2200 West  
Salt Lake City, UT

**WHAT:** Paper presentation presented by Alan B. Marchant

Alan B. Marchant graduated from Cornell University (1979, Ph.D., Astrophysics) and the University of Rochester (2003, M.B.A., Operations). He holds numerous patents in optical system technology and is the author of *Optical Recording: A Technical Overview* (1990, Addison Wesley). Since 1993, he worked in the aerospace industry as an optical systems analyst and payload systems engineer for Eastman Kodak Company and ITT Corporation in Rochester, New York. He is currently a Research Professor affiliated with the Space Dynamics Laboratory in Logan, Utah, a unit of the Utah State University Research Foundation.

Please RSVP by August 23rd  
Shane Franz ([john.shane.franz@L-3com.com](mailto:john.shane.franz@L-3com.com))  
January Anderson ([january.anderson@sncorp.com](mailto:january.anderson@sncorp.com))
