

November 2010 Meeting

# INCOSE Wasatch Chapter

## Systems Engineering at Energy Solutions - David Booth

Have you ever wondered what happens to all that nuclear material in the west desert? Please join us as David Booth discusses the processes and logistics of Energy Solutions.

**WHEN:** Tuesday November 16<sup>th</sup> @ 5:30pm

**WHERE:** L-3 Communications  
640 North 2200 West  
Salt Lake City, UT

**WHAT:** Presentation and discussion by David Booth

### ABOUT ENERGY SOLUTIONS:

EnergySolutions is an international nuclear services company headquartered in Salt Lake City with operations across the United States, Canada, the United Kingdom and other countries around the world. With over 5,000 world-class professionals, EnergySolutions is a global leader in the safe recycling, processing and disposal of nuclear material. We provide integrated services and solutions to the nuclear industry, the United States Government, the Government of the United Kingdom, along with various medical and research facilities.

EnergySolutions offers a full range of services for the decommissioning and remediation of nuclear sites and facilities, management of spent nuclear fuel, the transportation of nuclear material and the environmental cleanup of nuclear legacy sites. We're committed to reasserting America's leadership in the global nuclear industry and helping the United States, the United Kingdom countries achieve energy security in a way that reduces carbon emissions and protects the environment
