

2150 N. 107th St., Suite 205  
Seattle, WA 98133-9009

**Date:** July 2006

**To:** Atlanta Chapter of INCOSE

**Subject:** Silver Circle Award for 2005 Chapter Contributions and Accomplishments

On behalf of the International Council on Systems Engineering (INCOSE), we are pleased to recognize the Atlanta Chapter as a Silver Circle Award Chapter based upon its contributions and accomplishments in 2005. This annual award recognizes chapters performing to the highest goals and standards established by our organization.

For many, chapters provide the primary day-to-day interface with INCOSE. Chapters organize technical and social programs, communicate key information about our organization and discipline, support technical activities, and enhance the member experience by facilitating an open, inviting environment where members receive valued products and services that enhance their careers. In fulfilling this mission, Atlanta Chapter leaders and members have committed significant time and energy to further the goals of our organization.

To honor these efforts and achievements, this Silver Circle Award is hereby presented at the 2006 INCOSE International Symposium in Orlando, Florida. In doing so, INCOSE recognizes and celebrates the contributions and achievements of the Atlanta Chapter, its leaders, and its sponsors.

High quality, vibrant chapters are essential in INCOSE's drive to enrich, educate, and enlighten the INCOSE membership while improving recognition of INCOSE and the systems engineering profession. INCOSE and the Member Board extend heartfelt thanks and appreciation to the Atlanta Chapter for its contributions towards attaining these goals.
