Web Implementation of G2SEBoK

- Still searching for committed developer with appropriate resources???
- Have hyperlinked powerpoint demonstration

Evolutionary Process Improvement

- Provide review capability of all entries to gather inputs
 - Provide suggestion forms for info/sources to develop
 - Provide submission forms for new material submits
 - Track hits to capture interest
- Create update points
 - Have working groups be the primary entity for updates.
 - Seek chapter support to add WGs not currently available
- Create reviewer reviews to enable folks to find perspectives similar to theirs

Updated Plans/Schedule

- Milestone: Initial G2SEBoK online by July 02
- Use the IW02 to obtain more volunteer support
- Need your help!!!
- WGs need to own parts of G2SEBoK
