- January 26-27, 2013: INCOSE MBSE Workshop 2013
- January 26-29, 2013: IW2013

**INCOSE/PMI Opportunity**

INCOSE and PMI, through their collaboration, are offering INCOSE members the opportunity to participate in a three-day educational series focused on lean and agile practices in a program environment. The educational series will take place from 18-20 October 2012, in Vancouver, British Columbia, Canada. INCOSE members can participate at the PMI members-only rate through this special offer.

If you are interested in attending the Congress itself, INCOSE members will also receive the collaborative rate.

This opportunity is being offered exclusively to INCOSE members. To take advantage of the offer, visit http://congresses.pmi.org/NorthAmerica2012/ and register for the events in which you are interested. When you are ready to check-out, enter "INCOSE" in the promotional code field and any applicable discounts will automatically be applied to your fees.

**INCOSE Certification Exam Feedback Now Provided**
Based on inputs from previous candidates, INCOSE has updated the core CSEP/ASEP exam to provide additional feedback for candidates who do not pass. Previously, only a Pass/Fail indication was given to the candidates. Diagnostic aids are now provided should a candidate choose to retake the examination. The diagnostics are provided to help identify strengths and weaknesses in each of the examination’s top-level learning objectives. Feedback will be added to the Acq extension exam at a later date.

**INCOSE & SEP Logo Items Now Available for Purchase**

INCOSE has partnered with Promotion Select to offer high-quality apparel and other merchandise with INCOSE, ESEP, CSEP, and ASEP logos. The INCOSE Storefront can be reached via links from the INCOSE Store and the new Resources for SEPs webpages.

**Johns Hopkins University / Applied Physics Laboratory Alexander Kossiakoff Scholarship Applications Now Being Accepted**
This scholarship recognizes and encourages promising applied systems engineering research by students in a Masters or Doctoral program. The award, which is open to US citizens only, carries a $5,000 grant to the student along with an optional paid internship at JHU/APL working on relevant systems engineering problems. The student will also be provided with a plaque and recognition at the INCOSE International Workshop. Completed applications and faculty references are accepted until 30 November 2012.

**INCOSE eNote** is a compilation of INCOSE news, event announcements, and items of timely interest to our members. Questions and comments as well as submissions for future eNotes should be directed to enote@incose.org.

All article submissions must be in by the **15th of the month**

**Marketing Opportunities**
