LET'S PLAY BALL - PHILLIES PLAY THE METS ON FRIDAY, 21 JUNE AND WE’LL BE THERE!

INCOSE is nothing if not challenging and here's the latest! The Philadelphia Phillies are playing the NY Mets in Philadelphia on Friday evening, 21 June - just in time for a sporting group of INCOSE members and friends to go to the game.

Tickets will be priced at $42. We have a block of 50 reserved so look forward to details and how to secure yours. Public transportation to and from the stadium is easy and there are also cabs available. A portion of the ticket price will benefit the INCOSE Foundation.

Surely, the Philadelphia fans and NY fans among us will find this a great opportunity to enjoy some friendly competition and some great Phillies food and drink. Friendly betting - also to benefit the INCOSE Foundation - has already begun. As a NY Fan, I would like to humbly point out that the Mets DO have an infielder named David Wright. Need I say more about which side the angels will be on???

INCOSE Foundation Seeks Scholarship Nominees

The INCOSE Foundation, in cooperation with the Stevens Institute of Technology, is soliciting applications for the Doctoral Award for Promising Research in Systems Engineering and Integration. The purpose of this award is to inspire and recognize innovative doctoral-level research related to the field of systems engineering and integration.

In December 2010, the INCOSE Washington Metro Area Chapter established a fund to honor the memory of longtime member James E. Long. The James E. Long Memorial Post-Doctoral Fellowship reflects Jim's perspective that systems thinking is key to solving the great challenges of our time and addressing the issues and opportunities to come.

Both awards have a grant of 5,000 USD. Submission deadline is May 1 for both awards. Please click here for full details.
