Greetings!

In this issue you will read about a new venue for IS 2014 and an extended deadline for paper submission; the announcement of INCOSE 2013 elections; and, several conference opportunities with savings for INCOSE members.

NOTE: Be sure to click on the individual News header hyperlinks for further details on each news item.

IS 2014 Las Vegas, Nevada-NEW VENUE

Mark your calendar for IS 2014 taking place in Las Vegas, Nevada, USA from 30 June - 3 July

Remember the submissions deadline for papers, panels and tutorials has been extended to 24th November. See our website for details: www.incose.org/symp2014

Upcoming Events

Remember to visit the INCOSE website to check the events calendar periodically for updates on calls for papers, early-bird registrations, and other news!

- October 28, 2013: PMI Congress-INCOSE Member Opportunity
- November 4-6, 2013: ICSSEA 2013 25th International Conference on Software & Systems Engineering and their Applications
- November 6-8, 2013: Annual German Systems Engineering Conference TdSE2013
- November19, 2013: 1st INCOSE AVIONICS Forum
- November21-22, 2013: 5th Medical Device Connectivity Conference Supported by INCOSE
- December 4-6, 2013: 4th International Conference on Complex Systems Design and Management (CSD&M 2013)

Candidates for Upcoming 2013 INCOSE Election

This year, we are electing officers and directors who will join the INCOSE Board of Directors and help guide the strategic and financial future of our organization. If you missed the President-elect Webinar
on Wednesday, 16 October when the two candidates presented their positions, you can review their written responses. Unfortunately, the recording is not available: Candidate Responses

Balloting will open 1 November for the 2013 INCOSE elections and will close at 11:59 pm Pacific Time on 22 November 2013. Be sure to check your email spam box if you did not receive your ballot information email from Votenet and were an active member on 1 October per INCOSE Bylaws. Candidates are:

President-Elect
- Alan Harding
- Asmus Pandikow

Treasurer
- Jen Narkevicius
- Sam Seymour

Director for Academic Matters
- Art Pyster

EMEA Sector Director (Only EMEA Chapter Presidents eligible to vote)
- Terje Fossnes
- Jorg Lalk
- Rene Oosthuizen
- Jean-Claude Roussel

To assist you in making your selections, Position Descriptions, and candidate vision statements and profiles are also available for each candidate at http://www.incose.org/about/elections.aspx

Note: Student Members are not eligible to vote in INCOSE elections.

The next conference will be held 27-29 July 2014 in Portland, Oregon, USA, at the beautiful Portland Marriott Downtown Waterfront Hotel. The conference theme is "Standing on the Shoulders of Giants": In Search of Theory and Evidence.

The conference event will feature a variety of formats, including paper and poster presentations, symposia and plenary speakers. Pre-conference workshops will take place 26-27 July 2014, including a Doctoral Colloquium, Case Writing Workshop and Academic Forum.

The conference program, schedule, speakers and registration/lodging information will be posted here as they are confirmed. Please check back for updates and additional information, or contact the PMI Research Coordinator with questions about the conference.

Interested in being a conference presenter? Details for the 2014 Call for Submissions.

Call for Fellows Nominations

The Fellows Selection Committee will be pleased to accept nominations for new INCOSE Fellows submitted by INCOSE members until 1 December. INCOSE Fellows are individuals with significant verifiable contributions to the art and practice of Systems Engineering in industry, government or academia. This award recognizes practitioners from government and industry applying knowledge and contributing to the practice of systems engineering in designing and acquiring systems, researchers developing new knowledge and advancing theory, and teachers disseminating knowledge and developing the next generation of successful systems engineers. Further details can be found at: http://www.incose.org/about/hall/fellows/nominations.aspx
Weekend SE Instructors for Veterans Wanted
A 10-unit course preparing veterans for jobs in SE project management processes needs instructors starting 2014 Q1. Students are officers with bachelor’s degrees. Two-day units taught on the weekends by professionally accomplished SEs. Simultaneous student self-study for ASEP/CSEP certification. Choose a unit to teach. Help a vet and hone your knowledge. Reasonable compensation. Inquire with interest at instructors@vinewyck.com

Latest news from ABET
INCOSE’s membership in ABET, a non-governmental organization that accredits university programs in applied science, computing, engineering and engineering technology, promises to open new doors for advancing systems engineering education. Eastern and central Europe, Latin America, and the Middle East are designated as areas of emphasis for ABET outreach. Read more in the attached slide set. ABET Information

Applications now being accepted for the Johns Hopkins University / Applied Physics Laboratory Alexander Kossiakoff Scholarship
In partnership with the INCOSE Foundation, carries an award of USD 5,000, a plaque and recognition at the annual INCOSE Winter Workshop. The awardee is also offered an optional paid summer internship at JHU / APL working on relevant systems engineering problems. Applications due: 30 November. To learn more about this award and the application procedure: JHU/APL Scholarship Award.

PMI Global Congress - Offer for INCOSE Members
Join more than 3,000 professionals in project management from all industries and levels of experience for this premier knowledge and networking event. This year promises more of what our stakeholders need to successfully deliver results for their organizations. Come and join the Project Management Institute in historic and enchanting New Orleans, 27-29 October 2013. All sessions are on 28 October:

- Improving Integration of Program Management and Systems Engineering
- Risk Management @ Risk: Pioneering a Systems Approach
- Systems Engineering the Project
- Program Benefits Management

In addition there is a two-day SeminarsWorld workshop on Lean Program Management immediately following the Congress. INCOSE members will get an automatic 10% discount on the registration fee by using this link: http://qawebreg3.experientevent.com/Showpmi136/Default.aspx?URLPromoCode=INCOSE

INCOSE is pleased to announce the inaugural David Wright INCOSE Leadership
David was devoted to the art and practice of system engineering as a means for solving the great challenges of our planet. He foresaw that success would entail both technical and interpersonal competencies and was an outstanding role model working diligently to help INCOSE become a world leader in this regard. This Award will recognize and encourage INCOSE members who demonstrate similar motivations and competencies. The award will enable them to facilitate synergies between INCOSE and other organizations to pursue expanding the applications of the art and practice of systems engineering for societal benefit.

Applicants must be INCOSE members. Awardees will receive a cash award to allow attendance at other organization's conferences, at INCOSE's International Workshop and International Symposium including appropriate travel expenses for the three meetings. In addition, a qualified Council member will mentor the awardee in their endeavors.

The deadline is Nov. 1, 2013

Please follow this link to apply:  [https://www.incose.org/about/foundation/davidwrightaward.aspx](https://www.incose.org/about/foundation/davidwrightaward.aspx)

**Call for Papers - Security Track at IS14.**

This call-for-papers is for a track devoted to Systems Security Engineering at IS14 - and is issued by the
INCOSE System Security Engineering Working Group. The objective is multiple 3-paper security sessions composing a track of 6-9 papers. Papers of course will be submitted to, reviewed by, and selected through the usual INCOSE International Symposium submission and review process, and not by the System Security Engineering Working Group - though we will be among the reviewers for whatever security-related papers are submitted.

This is a momentous opportunity: IS14 will occur at the same time that the newly revised INCOSE SE and book is anticipated for publication. This revision will place responsibility for Systems Security on Systems Engineering with a new Specialty Engineering section on Systems Security Engineering. How can this responsibility be dispatched? IS14 papers can begin to fill this need for information and knowledge.
