

You and a Guest are invited to a very special
Joint AIAA Utah Section / INCOSE Wasatch Chapter

August is for Aerospace

Event:

“Recruiting and Retaining a Skilled ICBM Workforce”

*featuring comments from & interactions with Utah
Economic, Legislative, and Academic Leaders and Decision Makers*

Where: Roosters, 748 Heritage Park Blvd, Layton

When: Thursday Aug 31st, 5:30-8:00 pm

How: RSVP by Aug 23rd to utah.aiaa@gmail.com

Cost: \$10 per person (\$5 for YPs < 35), cash/check (“AIAA-Utah”) at the door

Come participate in a *hors d'oeuvres*-fueled "brainstorming" mixer addressing future local STEM workforce needs. High competition for talent is threatening strategic defense programs. Minuteman III and future ICBM weapon systems demand many new, specialized STEM positions in northern Utah. Filling these positions will be a challenge!

What are your ideas for recruiting and retaining STEM talent? Tell our local legislators, state economic/S&T/STEM leaders, and Weber State University officials in person!
