Attachment C - Membership Report for May 2007 BOD

The following chart will be filled out throughout the year to show a comparison of new membership each month for the years 2005, 2006, and 2007. From this chart, the HRA – INCOSE BOD may be able to gauge trends among the specific months new members typically join and plan membership activities accordingly:

Month	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec	Total
New Members 2005	4	2	1	4	2	1	3	4	6	4	4	1	36
New Members 2006	3	2	1	4	0	0	3	0	0	1	2	1	17
New Members 2007	2	1	1	1	1								6

Summary membership statistics are as follows:

- **New Members Joined since May 1, 2007 = 1**
 - Mr. Mark W. Smith (May 22nd) – Logistician, SAIC
- **Transferred Members since May 1, 2007 = 1**
 - Dr. Abe W. Meilich (May 7, 2007) – Certified Systems Architect, Lockheed Martin Simulation, Training, and Support
- Total Members Joined since January 1, 1994 = 230
- Total Members Transferred since January 1, 2004 = 4
- Total Members Lapsed since January 1, 1994 = 147
- **Total Members Remaining as of June 1, 2007 = 87**

The graph to the right shows the total number of members that have joined since 1994. Each total is broken up into the number of members that have had a lapse in membership and the number of members that we still have remaining. Specific numbers are shown on the graph.

I have started sending out “New Member Surveys” and “Lapsed Member Surveys.” I have received one response to a “Lapsed Member Survey,” shown on the next page. I ask that the BoD review the lapsed member’s comments and provide feedback that might help me to draft a response. Thank you.

HRA - INCOSE Yearly Membership
Remaining Members vs. Lapsed Members per Membership Year

HRA-INCOSE Program for 2007

Rev 0.13, 1/5/06, by Andy Schuster HRA-INCOSE DaL-Programs 2007

Lapsed Member Survey Comments:

1. How long had you been a member of INCOSE? **3 years**
2. Did you participate in chapter-sponsored events? **Yes**
3. If you answered “yes” to #2, please list those events attended: **Meetings**
4. Were any of the following meeting/event attributes inconvenient:
 - a. Location
 - b. Day of the week
 - c. Time
5. What were your expectations of INCOSE as a professional organization? **I expected to learn the latest SE information (in a usable form — not that horribly dry and worthless magazine). I expected to hear SE-related topics about practical issues discussed at the meetings.**
6. How did we meet or not meet those expectations? **Never understood the point. Exactly what does INCOSE do? There was no SE training, discussion, etc. — just the constant talk about how to grow. Ironically, that was followed by the “Certification” talk, which further EXCLUDED people.**
7. What added benefits did you expect from your membership that you did not receive? **Networking, training, learning more about SE, realistic certification program... The list goes on and on.**
8. Why did you let your membership lapse? **The final straw was the pronouncement about the SE certification process. Some blowhard came down from Washington and announced an arbitrary decision that those without technical degrees would have to wait 10 years before even being *considered* for certification. Bye! Was it something that we can correct? Do away with the exclusionary behavior. You can make something demanding, yet still achievable. Why an arbitrary 10-year wait for eligibility for SE certification for those with non-technical degrees?**
9. Based on your current circumstances, do you think that INCOSE membership could be more useful to you now? **No**
10. Would you be interested in renewing your membership at this point in time? **No**
