

Hampton Roads Area INCOSE Chapter

Certified System Engineering Professional Application Process Overview

Thursday March 29th, 2007

Room H-160

**Advanced Technology Center
Tidewater Community College**

1700 College Crescent

Virginia Beach, Virginia 23453

5:30 – 9:00 PM

Plan to stay <1 hour

Light Snacks & Soft Drinks will be served

Meeting Agenda

The purpose of the meeting is two fold:

1. **How to prepare a CSEP Application.** John Clark will present a 20-40 minute presentation which will be repeated several times between 6:00 and 8:30 for members as you arrive. Secondly, John and other chapter officers will give you advice on how to make preparing the application easier for yourself.
2. **Visit TCC's Advanced Technology Center** – This is the first of what we hope will become a regular "General Membership" meeting at a local company. These meetings are intended to familiarize you with our community by visiting the offices or facilities of INCOSE chapter members. Therefore, Micheal Plumb will serve as our host at Tidewater Community College and will be able to answer our questions about the facility. Micheal is the HRA-INCOSE Director at Large for University Relations and is an Associate Professor and Program Head for Industrial Engineering Technology at TCC.

DIRECTIONS - TCC VIRGINIA BEACH CAMPUS
