

East Meets West: The Human Dimension to Systems Engineering

INCOSE / APCOSE 2009 Technical Session Schedule

Mon 20 Jul: Session 1 Safety Acquisition MBSE 1 Panel	Mon 20 Jul: Session 2 NCW Cost Estimating Network Design Panel	Tue 21 Jul: Session 3 Interoperability Reliability 1 System Thinking 1 SE Process 1 Panel
Tue 21 Jul: Session 4 Specific Topics Human Dimension System Thinking 2	Tue 21 Jul: Session 5 Specific Topics 2 Human Culture System Design 1	Wed 22 Jul: Session 6 MBSE 2 System Design 2 Human SE Panel
Wed 22 Jul: Session 7 Survivability System Design 3 Reliability 2	Wed 22 July Session 8 Specific Topics 3 System Design 4 SE Process 2	Thur 23 Jul: Session 9 Value of SE SE Process 3
Thur 23 Jul: Session 10 Education SE Process 4		

Issue 4, May 2009

Symposium Venue

Do you know? The buildings of [Suntec City](#) have been built in the shape of a palm of a hand symbolising good *feng shui*.

The APCOSE 2009 will be held concurrently with the INCOSE 2009. There are ten APCOSE paper tracks which will address different in-depth topics. [Click here to view the APCOSE Technical Session Schedule.](#)

Poster Session gives delegates the opportunity to meet the authors face to face to discuss aspects of their expositions. [Click here for the list of poster presentations.](#)

You can attend any of the half-day (four-hour) or full-day (six-hour) tutorials in classroom settings that are conducive for learning and allow extensive student interaction with tutorial leaders. [Click here for the tutorial schedule.](#)

Sign Up for INCOSE 2009

You can register online at the symposium website www.incose.org/symp2009. Sign up by 10 May 2009 to enjoy the early- bird rates.

Academic Forum — What Is The Future Of Systems Engineering?

Monday 20 July 2009, 1330 - 1700 hours

- Session 0 Introduction and Rules of Engagement
- Session 1 Fundamental Issues
- Session 2 Does the Current Crop of Academic Systems Engineering Degrees Really Meet the Needs of Industry and Government? If Not, What is the Gap?

Wednesday 22 July 2009, 1330 - 1700 hours

- Session 3 What is The Nature of SE Competence For Individual Defence Employees As Well As the Defence Workforce As a Whole?
- Session 4 Research in Systems Engineering

[More Details](#)

Presentation Schedule

Presenters (paper authors, panelists, academic forum moderators and speakers) at the symposium can [click here for the presentation schedule](#)

The Host Committee's Hot Picks for Singapore Brand Souvenir

[Bengawan Solo](#) Pandan Chiffon is so soft and fluffy that we heard Hong Kong celebrities would order boxes as gifts for friends. Do look out for other delectable savouries at their Suntec outlet, 3 Temasek Boulevard, #01-199, Suntec City Mall.

[Eagle Medicated Oil](#) by Borden is popularly known as the "Green Oil" among its loyal users. The medicated oil is renowned for its unique fragrance, and soothing properties for headache and cold. We love its handy and uniquely shaped Parisian triangular ascending glass bottle. Available in major convenient stores like Watson and Guardian.

[Eu Yan Sang American Ginseng Tea](#). This refreshing drink revitalizes instantly. One of our HC's members swears by it. Learn more about traditional Chinese medicine in their modern retail outlet at 3 Temasek Boulevard, #01-140D, Suntec City Mall.

[RISIS](#) carries fashion accessories and Asian gifts highly sought after by visitors. Bring home Singapore's national flower Vanda Miss Joaquim in 24K gold or shop for other quality gifts at affordable price at 3 Temasek Boulevard, #01-084, Suntec City Mall.

[Tiger Balm](#) ointment relieves your aching shoulders from long haul flights and sooth aching feet from after-work shopping. This is definitely a household brand in Singapore. Available in major convenient stores like Watson and Guardian.
