

11th Annual INCOSE Great Lakes Regional Conference

**SUPERIOR SYSTEM SOLUTIONS FOR
TODAY'S COMPLEX ENVIRONMENTS**

11 - 14 October 2017 | Twin Cities, Minnesota

Attend GLRC11 at an SE PDD Site – 13 Oct 2017!

Initiating the second decade of successful Systems Engineering (SE) conferences in the Great Lakes region, GLRC11 will have featured presentations from SE thought leaders and papers from SE practitioners and academia on important SE topics.

Building upon last year's conference, GLRC11 again features an INCOSE **Systems Engineering Professional Development Day (SE PDD)**. The SE PDD is a virtual extension of the conference, with featured sessions broadcast from the host site in Minnesota exclusively to several satellite sites on **Friday the 13th of October**. The objective is to create mini-satellite conferences that give a portion of the GLRC experience without having to travel, thus expanding the impact and value of the conference to the entire region.

This Year's SE PDD Program will Feature:

Sigma Theta Mu Lecture by David Long, Vitech and INCOSE Past President
