

Press Release

The International Council on Systems Engineering 2022 Recognition and Awards Yearbook has launched

SAN DIEGO (xx August 2022) – *International Council on Systems Engineering (INCOSE) is pleased to announce the publication of the 2022 Recognition and Awards Yearbook. This Yearbook showcases INCOSE’s volunteers who have gone above and beyond to further the awareness and implementation of Systems Engineering to ensure a better future for all.*

Marilee Wheaton INCOSE President and Fellow stated *“INCOSE is a volunteer organization, and we like to take the opportunity annually to recognize and celebrate our members, chapters and working groups who go the extra mile to further the discipline of Systems Engineering, promote INCOSE, and support other members in developing their skills as Systems Engineers. The Recognition and Awards Yearbook spotlights the 2022 award recipients and includes articles that highlight their stories and achievements. I hope you read the stories and if you feel inspired and want to get more involved in INCOSE.”*

The yearbook is divided into the following sections:

INCOSE Fellows – Individuals with significant verifiable contributions to the art and practice of systems engineering in industry, government or academia are awarded as the INCOSE Fellow Award.

INCOSE Founder’s Award -The Founder's Award is a highly prestigious award presented annually to one distinguished member of INCOSE who has made a major contribution to INCOSE. The award recognizes outstanding individual contributions to INCOSE, be they a single event or a lifetime of significant efforts.

INCOSE Pioneer Award - The Pioneer Award is presented annually to one distinguished individual or team, who by their achievements in the engineering of systems, has contributed uniquely to major products or outcomes enhancing society or its needs.

Systems Engineering Influencer Award - This award recognizes efforts and achievements of a person(s) who has been instrumental in influencing the acceptance, adoption, and implementation of systems engineering.

Chapter Awards - Through the annual chapter awards program, INCOSE recognizes the valuable contributions of individual INCOSE chapters as they strive to enrich, educate, and enlighten the INCOSE membership while improving recognition of INCOSE and the systems engineering profession.

Outstanding service awards – These awards are presented to recognize INCOSE members who have contributed significant volunteer effort on behalf of INCOSE.

Working Group Awards – The Working Group Awards are presented to recognize INCOSE Working Groups who have contributed significant volunteer effort on behalf of INCOSE.

We invite you to read and share the Yearbook which can be downloaded here: XXXX

Notes to Editors:

About the International Council on Systems Engineering

The International Council on Systems Engineering (INCOSE) is a not-for-profit membership organization that promotes international collaboration in systems engineering practice, education, and research. INCOSE's mission is to "address complex societal and technical challenges by enabling, promoting and advancing systems engineering and systems approaches." Founded in 1990, INCOSE has more than 65 chapters and over 20,000 members and associates worldwide. For additional information about INCOSE visit www.incose.org.
