

# Chicagoland Chapter Meeting – March 2018

Topic: SE Vision 2025 and Beyond: Engineering Our Future

Presenter: David Long, *ESEP, INCOSE Past President (2014 & 2015)*  
President, Vitech Corporation

Date: Thursday, March 15, 2018

Agenda: 6:00-6:30 p.m. CT – Dinner & Networking  
6:30-6:45 p.m. CT – Introductions & Announcements  
6:45-8:00 p.m. CT – Presentation and Q&A

## Abstract

Systems Engineering (SE) is a practice and a profession in transition. In 2014, INCOSE published *Systems Engineering Vision 2025*, a vision of how the world is changing and where we believed systems engineering must be in 2025 to deliver the necessary results. But today's world moves fast. The needs and nature of the systems we engineer are changing at an unprecedented rate. So too are the tools we leverage and the context within which we operate. As we work to transform Vision 2025 into reality, the challenge itself continues to evolve.

Four years later, where have we made progress towards the Vision and where are we falling short? More importantly, as we look beyond Vision 2025, what do we see – in the world around us, in the systems we must engineer, in our practice and profession? What must we do to engineer our future?

## About Our Speaker

**David Long** has spent over twenty-five years helping organizations increase their systems engineering proficiency while simultaneously working to advance the state of the art across the community. David is the founder and president of Vitech Corporation where he developed CORE™, a leading systems engineering software environment. He continues to lead the Vitech team as they deliver innovative, industry-leading solutions to help organizations develop and deploy next-generation systems.

David is a frequent presenter at industry events worldwide delivering keynotes and tutorials spanning introductory systems engineering, the value of systems engineering and systems engineers, the advanced application of MBSE, and the future of systems engineering. His experiences and efforts led him to co-author the book *A Primer for Model-Based Systems Engineering* to help spread the fundamental concepts of this key approach to modern challenges.

# Chicagoland Chapter Meeting – March 2018

Topic: SE Vision 2025 and Beyond: Engineering Our Future  
Presenter: David Long, *ESEP, INCOSE Past President (2014 & 2015)*  
Presentation Site: Virtual Location, *Online*

## Attend / Network at a Physical Site, or attend at a Virtual Site

IBM, 10 N. Martindale  
Schaumburg, IL 60173  
3<sup>rd</sup> Floor Conference Room

BB7, 5407 Fen Oak Dr.  
Madison, WI 53718  
Mendota Conference Room

AbbVie Inc. (**Limited to AbbVie Employees**)  
1 North Waukegan Road, Building AP31  
North Chicago, IL 60064

Design Integrity  
1155 W. Fulton Market  
Chicago, IL 60607

Oshkosh Corp (**Limited to Oshkosh Employees**)  
370 W. Waukau Ave  
Oshkosh, WI 54902

Attend Live, Online:  
Meeting begins at 6:30 PM  
<https://incose.pgimeet.com/GlobalmeetTwelve>  
Access Number: [1-719-457-1414](tel:1-719-457-1414)  
Guest Passcode: [944 440 9838](tel:944-440-9838)
