

# Annual General Meeting and Technical Discussion: Systems Engineering Competency Framework

February 19, 2019

Please register via [Eventbrite](#), link in email or see <http://www.incose.org/cleveland>

5:00 PM – 8:00 PM EST  
Meeting starts at 5:30 PM  
Das Schnitzel Haus  
5728 Pearl Rd  
Parma, OH 44129

## Topics:

The topics for this meeting are as follows:

- **Chapter status and news**  
This will include general chapter status, the status of proposed Chapter Bylaw revisions, discussion about elections, 2019 planning, and INCOSE news
- **Feedback from the membership**  
The Board of Directors is interested in your feedback regarding the Chapter. Some may come out during the status discussion, but we are interested in hearing what's on your mind regarding the Chapter
- **Technical Discussion on the recently released INCOSE product: *INCOSE Systems Engineering Competency Framework***  
This past summer INCOSE released their SE competency Framework. We will briefly discuss its content and then hold a discussion about how well it matches our experiences. It would be beneficial to take a look at it, if you have a chance, before the meeting. It can be found in the INCOSE store, and a download of it is free.
- **Door Prize Drawing**  
We will be giving away two copies of the book: *A Practical Guide to SysML: The Systems Modeling Language*, Second Edition, by Sanford Friedenthal, Alan Moore, and Rick Steiner. To be eligible for the drawing, you must register ahead of time via EventBrite and attend.

We hope to see you there!

Food and drink will be available for purchase at the venue.
