

Systems Engineering C-NO Café #1

May 13, 2024

Please register via Eventbrite (<https://www.eventbrite.com/e/incose-cleveland-northern-ohio-chapter-may-2024-meeting-tickets-891929734847>)

6:00 – 7:30 PM

Meeting Description: You are invited to our May 2024 INCOSE Cleveland-Northern Ohio Chapter Meeting. This month's meeting will be held as a hybrid meeting with in-person attendance at the Cuyahoga County Library – Bay Village Branch, in Meeting Room B-117. Join us for a great opportunity to network with fellow systems engineering enthusiasts and learn from one another. We plan to continue our series of discussions related to systems engineering processes.

We will be utilizing an approach with some presentation material and prepared questions to stimulate discussion on a chosen topic, followed by general sharing of knowledge and an opportunity to ask questions. This month's topic will be centered around the initial technical processes defined in the INCOSE Systems Engineering Handbook, related to defining the problem to be solved, gathering stakeholder expectations, and defining requirements, including a discussion on modes and states.

Don't miss out on this chance to expand your knowledge, share your experiences, and ask questions of like-minded professionals.

For those attending in-person, if interested, we may try to meet nearby beforehand for dinner.

For those attending virtually, connection information for a Microsoft Teams meeting will be sent via email after registration.

We look forward to seeing you there. Consider inviting a colleague to join you.

Location:

Bay Village Branch, Cuyahoga County Public Library
27400 Wolf Road, Bay Village, Ohio 44140
