6:00 – 7:30 PM

Meeting Description: You are invited to our July 2024 INCOSE Cleveland-Northern Ohio Chapter Meeting. This month's meeting will be held as a hybrid meeting with in-person attendance at the Columbus Metropolitan Library: Hilliard Branch, in Meeting Room 1A. Join us for a great opportunity to network with fellow systems engineering enthusiasts and learn from one another. We plan to continue our series of discussions related to systems engineering processes.

We will be utilizing an approach with some presentation material and prepared questions to stimulate discussion on a chosen topic, followed by general sharing of knowledge and an opportunity to ask questions. This month's topic will be centered around the Design Definition, System Analysis, and Implementation processes defined in the INCOSE Systems Engineering Handbook.

Don't miss out on this chance to expand your knowledge, share your experiences, and ask questions of like-minded professionals.

For those attending in-person, we will try to meet for a meal prior to the meeting.

For those attending virtually, connection information for a Microsoft Teams meeting will be sent via email after registration.

We look forward to seeing you there. Consider inviting a colleague to join you.
