

Model Based Systems Engineering / History of the Ohio Canal

August 16, 2023

Please register via [Eventbrite](#)

4:00 PM History of the Ohio Canal

5:00 Dinner (self ordered-see registration)

6:00 Model Based Systems Engineering Discussion

7:00 Networking

Meeting Description: Please join the INCOSE C-NO chapter as we welcome two special guests for this event. First, Rebecca Jones Macko from the National Park Service (<https://www.nps.gov/cuva/index.htm>) will provide a history of the Ohio and Erie Canals to kickoff the event, which takes place in Peninsula right at the site of a former lock on the Canal. Then, after dinner, Shira Nadile will update the chapter on Model Based Systems Engineering (MBSE) explaining the recent developments in this area at NASA, along with Q/A and discussion.

For more information contact INCOSE Program Committee members Carl Dister, Bill Klinger, or Marian Cronin

We hope that you can join us!
