## President's Corner

I am pleased to share with you that our Cleveland-Northern Ohio Chapter has been recognized as a Gold Circle Award Chapter based upon its contributions and accomplishments in 2021. The Gold Circle Award recognizes the chapter for reaching the highest goals and standards established by INCOSE. This is the second time that we have received this prestigious chapter honor since our founding in 2008. This would not have been possible without the innovative thoughts and contributions of our members. I specifically wish to thank Sean Beckman, Marian Cronin, Carl Dister, Brian Hallett, Sastry Kasibhatla, Bill Klinger, and Dennis Rohn for their individual initiative and dedication to the success of our chapter.

Stay tuned for our upcoming chapter member survey, Annual General Meeting, and schedule of chapter events for the spring and summer.

In closing, I want to say how important it is for us to hear from you. Please reach out to any one of us for with your feedback on how we can better meet your needs as a chapter member.

I wish you a healthy and safe early spring!

- Tim Schuler

C-NO President

## Welcome to New Chapter Members

Welcome to new members since our last Newsletter! The Board of Directors hopes the Chapter can aid you in your professional development and looks forward to getting to know you.

- Gary Wagner

- Austin Tielke

- Jacob McCoy

- Ritesh Varma Pathapati Thyagaraju
- Joshua Stepteau
- Nalini Tula
- Amber Waid

To all members, I would encourage you to invite co-workers and other systems engineers you know to join INCOSE and become active in the Chapter.

-Dennis Rohn

Cleveland-Northern Ohio Chapter Membership Chair

## INCOSE International Symposium 2022

The 2022 International Symposium is right around the corner, both from a time perspective and locality. IS2022 is being held as a hybrid event with the in-person venue in Detroit Michigan. Registration is open and there are various options to choose from. Over

**32<sup>nd</sup>** Annual **INCOSE**  
international symposium  
hybrid event

Detroit, MI, USA  
June 25 - 30, 2022

the six days, there are five technical tracks planned with more than 80 papers or presentations. There are also four keynote speakers planned for the plenary sessions. It is anticipated that individuals from at least 25 countries will be represented, covering 24 application domains and 37 separate topic areas. There will also be seven panel discussions and 12 optional tutorials.

For more information, check out the IS2022 website:  
<https://www.incose.org/symp2022/home/when-where>.

## WANTED: Great Ideas for Upcoming Chapter Meeting Topics

We are always looking for topics and presenters of interest for future chapter meetings. Perhaps ***you*** have an idea for a particular topic and would like to present it or lead a panel discussion at an upcoming meeting? Maybe you have an idea for a tutorial you'd like to share, or for a seminar or workshop that you think might be beneficial to the membership?

Please feel free to contact Marian Cronin at [marian.f.cronin@nasa.gov](mailto:marian.f.cronin@nasa.gov) or 216-433-2660 with your ideas!

## Upcoming INCOSE Related Events

The list below provides a sampling of upcoming webinars and events that may be of interest to INCOSE members. Now that most chapters are holding virtual events, it is easy to join if a topic is of interest. Many are listed on the INCOSE Events Page: <https://www.incose.org/events-and-news/events>, in addition to the Systems Exchange Cafés.

### Events

- June 25 - 30, 2022 – INCOSE 2022 32nd Annual International Symposium (hybrid, Detroit, MI)  
<https://www.incose.org/symp2022/>
- September 30 - October 3, 2022 – 2022 Annual INCOSE Western States Regional Conference (WSRC) (Golden, CO)
