The Charleston Lowcountry Chapter of INCOSE invites members and guests to attend our monthly chapter meeting. The technical presentation this month will feature **Mr. John Lillard**, Lowcountry Chapter Vice President and Command Mission Architect at SSC LANT.

John will present an introduction to architectures for the non-architect. His entertaining brief will discuss:

- Why should I care about or need an Enterprise Architecture?
- What is the difference between enterprise architectures and other architectures?
- What in the world is DoDAF?
- Aren't architectures just shelf-ware?

John's presentation does not focus on DoD, Navy or SPAWAR and he ties his discussion to the INCOSE Engineering Handbook.
