

INCOSE WG DOUBLE HEADER – October 2019

CHICAGOLAND

Beth Wilson
Ph.D., ESEP
Retired
INCOSE Systems Security Engr. WG

INCOSE Working Group Double Header

Presentation Site: Remote

Barclay R. Brown
Ph.D., ESEP
Raytheon Company
INCOSE SEQM WG

Date: Thursday, October 17, 2019

Agenda: 6:00 - 6:30 PM CT – Dinner & Networking
6:30 - 6:45 PM CT – Announcements & Introductions
6:45 - 7:30 PM CT – INCOSE Systems Security Engineering Working Group
7:30 - 8:15 PM CT – INCOSE System Engineering and Quality Management Working Group

Topic: Systems Security
Engineering Working Group –
Is There a Place for Me?

About Our Speaker

Dr. Beth Wilson earned her PhD in Electrical Engineering from the University of Rhode Island. She is retired from Raytheon where she worked for 33 years as a design engineer, program manager, research scientist, functional manager, and test director on sonar, satellite, and radar programs. She was a Raytheon Certified Architect and a Raytheon Certified Six Sigma Expert. Dr. Wilson is currently an Adjunct Professor at Worcester Polytechnic Institute (WPI) in their Masters of Systems Engineering program. She is an INCOSE Expert Systems Engineering Professional (ESEP) and is a co-chair for the INCOSE Systems Security Engineering working group.

Topic: Transforming the Engineering
Organization with Systems
Engineering and Quality Management

About Our Speaker

Dr. Barclay R. Brown is an Engineering Fellow for Raytheon Company and the business unit lead for model based systems engineering. Before joining Raytheon, he was the Global Solution Executive for the Aerospace and Defense Industry at IBM, and was the lead systems engineer for some of IBM's largest development projects. Dr. Brown has been a practitioner, consultant and speaker on systems engineering and software development methods for over 25 years and holds a bachelor's degree in Electrical Engineering, master's degrees in Psychology and Business and a PhD in Industrial and Systems Engineering. He teaches systems engineering and systems thinking at several universities. He is an INCOSE Expert Systems Engineering Professional (ESEP), a certified Systems Engineering Quality Manager, and the former INCOSE Director for the Americas.
