### **Presentation:**

**NIWC Atlantic’s Journey toward Digital Engineering Transformation**

### **Speaker:**

Paul brings over 20 years of professional experience within NIWC Atlantic in several different roles across the Command. Most recently, Paul served as the Competency Manager for Architecture, Requirements & Modeling where he led a group of ~100 engineering professionals in the advancement of digital engineering practices across the agency. In addition, Paul has served as the NIWC Atlantic Model Based Systems Engineering (MBSE) Technical Focus Area (TFA) Champion and now the new Model Based Engineering TFA. He also serves as the lead for the Target Enterprise Architecture (TEA) for Naval Networks, Systems Engineering Spotlight, and MBSE Community of Interest.

Mr. Walter has a Bachelor of Science in Electrical Engineering from Clemson University, an Master of Science in Electrical & Computer Engineering from the Georgia Institute of Technology and a Master of Science in Systems Engineering Management from the Naval Postgraduate School in Monterey, CA. Paul is a Certified Systems Engineering Professional, Certified Enterprise Architect, Professional Engineer, Project Management Professional, Lean Six Sigma Green Belt and Level 2 OMG Certified System Modeling Professional. Mr. Walter enjoys spending time with his wife, Deanna, his daughter, Trista, and his son, Kelly, as well as running, surfing, and anything related to pumpkin spice.
