

# **Socorro Systems Summit**

**5-6 April 2019**

**All Day with 8:00am Start**

**New Mexico Tech, Socorro, NM**

**Internet: unencrypted-web-login**

**User: (redacted for proceedings)**

**PWD: (redacted for proceedings)**

**Co-Sponsors:**

**INCOSE Enchantment Chapter**

**New Mexico Tech Electrical Engineering Department**

# Event Objectives

- **Participants have a valued experience of collaborative teaming on a mission**
- **Participant's expand personal knowledge of selected systems engineering issues**
- **Participants have the opportunity to expand personal networks**

# Topics and Facilitators

## Morning today

- **Full Life Cycle Attention by System Developers** Ann Hodges
- **Problem Space Focus Before Solution Work** Ron Lyells
  
- **Mixed Discipline SE Training** Heidi Hahn
- **Verification & Validation of SE Models** Ed Carroll

## Afternoon today

- **Agile SE in Mixed Discipline Projects** Rick Dove
- **Student Involvement in Chapter & WG Activities** John Brtis
  
- **Autonomous Systems Complexity Assessment** Eric Smith
- **Women as leaders in Systems Engineering** Ann Hodges

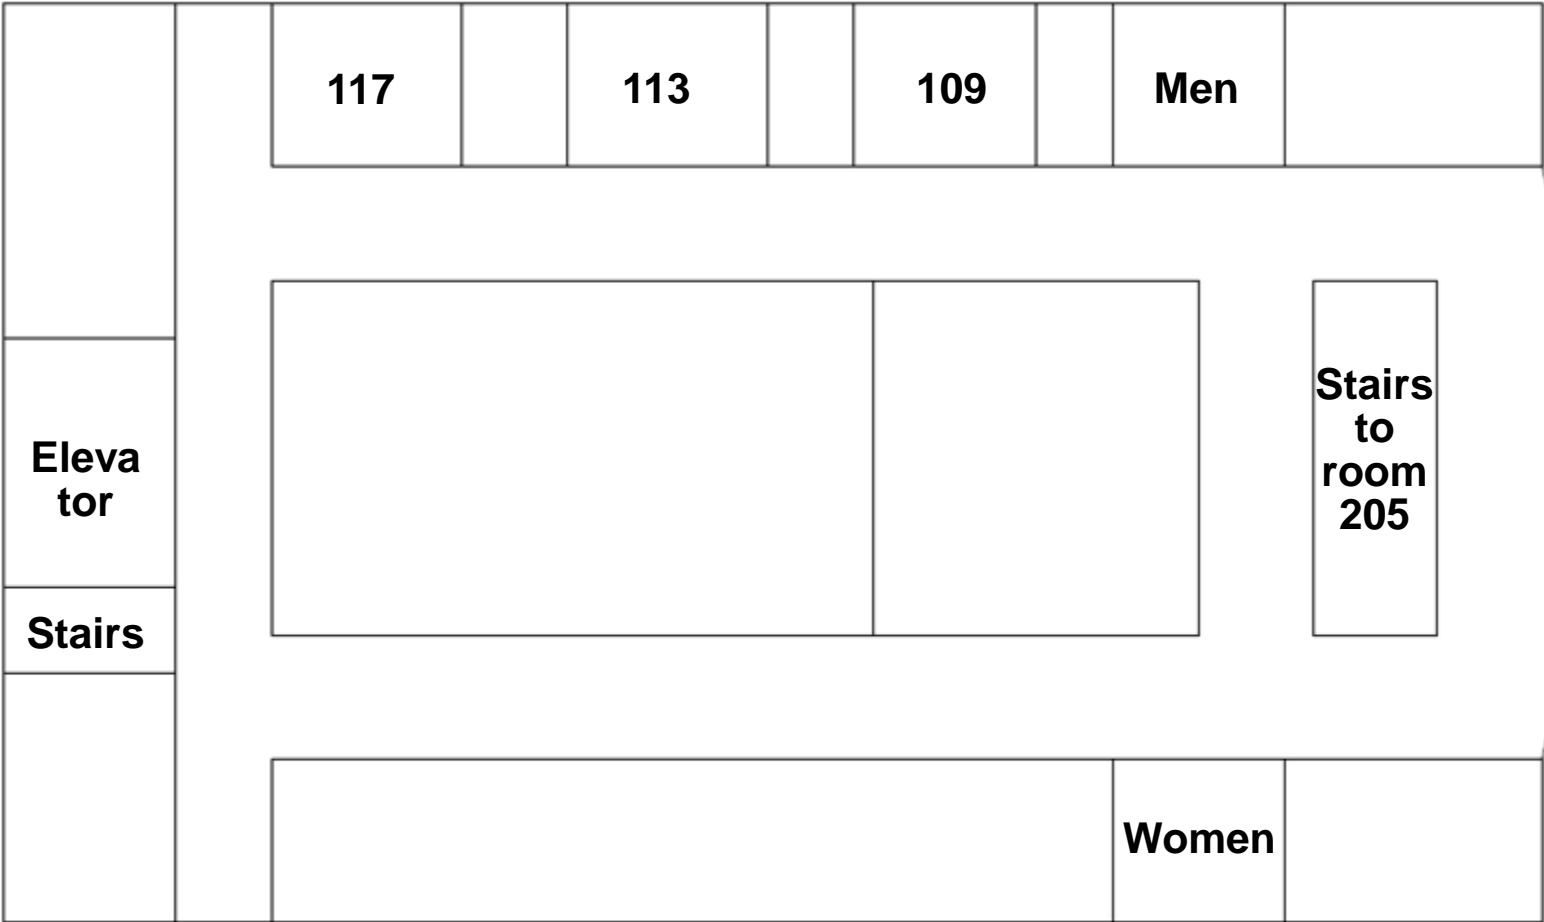

**Friday April 5, 2019 – Topic Intros and Objective Setting for Saturday Workshop**

08:00	<b>General Session:</b> Welcome and What Will Happen – Aly El-Osery and Rick Dove, Ballrooms B & C	
08:45	<b>Keynote:</b> Kerry Lunney, ESEP, INCOSE President Elect, Thales Australia Country Engineering Director/Chief Engineer	
09:15	<b>Back is B</b>	<b>Front is C</b>
09:30 10:45	<b>Full Life Cycle Attention by System Developers</b> Facilitator: Ann Hodges Ballroom B	<b>Problem Space Focus Before Solution Work</b> Facilitator: Ron Lyells Ballroom C
11:00 12:15	<b>Mixed Discipline SE Training</b> Facilitator: Heidi Hahn Ballroom B	<b>Verification &amp; Validation of SE Models</b> Facilitator: Ed Carroll Ballroom C
12:30	<b>Lunch on Your Own</b>	
13:30 14:45	<b>Agile SE in Mixed Discipline Projects</b> Facilitator: Rick Dove Ballroom B	<b>Student Involvement in Chapter &amp; WG Activities</b> Facilitator: John Brtis Ballroom C
15:00 16:15	<b>Autonomous Systems Complexity Assessment</b> Facilitator: Eric Smith Ballroom B	<b>Women as Leaders in Systems Engineering</b> Facilitator: Ann Hodges Ballroom C
16:30	<b>Break</b>	
17:00	<b>Reception with Refreshments and Saturday Workshop Posters: Objectives and Choices, Ballroom A</b>	
18:00	<b>Dinner on Your Own</b>	<b>Optional Dinner Gathering</b> <b>TBD – announced at Summit in the morning</b>

**Saturday April 6, 2019 – A Focus on Impediments and Enablements – Rooms in Workman Center (WMC)**

08:00 11:15	<b>Full Life Cycle Attention by System Developers</b> Ann Hodges, WMC 109	<b>Verification &amp; Validation of SE Models</b> Oscar Mondragon, WMC 113	<b>Agile SE in Mixed Discipline Projects</b> Rick Dove, WMC 117	<b>Problem Space Focus Before Solution Work</b> Ron Lyells, WMC 205
11:15	<b>Lunch on Your Own</b>			
12:15 15:30	<b>Mixed Discipline SE Training</b> Heidi Hahn, WMC 109	<b>Student Involvement in Chapter &amp; WG Activities</b> John Brtis, WMC 113	<b>Women as Leaders in Systems Engineering</b> Ann Hodges, WMC 117	<b>Autonomous Systems Complexity Assessment</b> Eric Smith, WMC 205
15:45	MSEC 101	<b>General Session:</b> Eight Brief Outs of Results @ 10 Minutes Each		
17:15	MSEC 101	<b>General Session:</b> Wrap Up and Open Discussion		
18:00	(MSEC: Mineral Science & Engineering Center)	<b>Adjourn</b>		

**MSEC Bldg  
1 minute  
North**

**Workman Center**

**Fidel  
Center**

# **Collaborative Knowledge Development**

## **Mission:**

- 1: Articulate the unresolved problem concisely.**
- 2: Identify the Customer(s) that would support a solution**
- 3: Identify organizational/cultural impediments to a solution.**
- 4: Converge on requirements for an embraceable solution.**

## **Culture:**

- Everybody has a voice & perspective that is heard.**
- Welcoming to all levels of experience – students to elders.**
- Everybody engages as a team on a mission.**
- Facilitator is there to guide toward mission completion.**

**Workshops on Saturday can decide on coffee break time.**

# Working Outlines

## Day 1 Session:

1. **Optional: 15 minutes max, facilitator positioning of the problem space.**
2. **Everybody: who you are, what you know and question in the area, what topic issues you would like to see as a focus.**
3. **Convergence on a concise statement of topic-resolution need, and identify the target Customer(s).**
4. **Select a short list of topic issues for Day-2 focus.**
5. **One-slide poster of intended Day 2 focus, for display at reception.**

## Day 2 session:

1. **Identify organizational and cultural impediments to recognizing the problem as one in need of attention and solution.**
2. **Converge on broadly acceptable requirements for an embraceable solution.**
3. **If appropriate, plans for subsequent solution collaborative action.**
4. **Develop general session brief out slides.**

**Facilitators manage the time for mission completion**

# Day-1 Brief Out Single-Slide Poster Template

**<Topic Name>**

- 1. Need (Articulate the unresolved problem-need for resolution).**
- 2. Customers (Identify the customers for a solution – provides context).**
- 3. Issues to Focus On (Day-2 intended focus).**

=====

**This Poster will be displayed at the reception,  
with the intent of enticing participants to attend the Day-2 session.**

**Facilitator may suggest a concisely articulated problem statement – for  
modification or replacement by Day-1 participants.**

# **Example: SE Appreciation/Adoption Across the Organization**

## **Need:**

- **We're not able to get things done to our satisfaction: reputation, cost, schedule, risk appetite, lack of beneficial outcomes, etc.**

## **Customers:**

- **Key organizational business managers, decision makers, & political influencers.**

## **Issues to Focus On:**

- 1. Lack of knowledge and appreciation of the SE domain.**
- 2. Perceived cost/value barriers.**
- 3. Inertial attitude: If it ain't broke don't fix it!**
- 4. Siloed mission understandings.**
- 5. My ox will be gored (budget and turf competition perception).**

# Feedback at the End

This Summit was an experience in collaborative exchange.

Are you glad you came (1-5)? \_\_\_\_\_ (1=No, 5=Definitely)

Should we do another (1-5)? \_\_\_\_\_ (1=No, 5=Definitely)

Feedback on what you liked :

Feedback on what you didn't like:

Feedback to make it more effective:

# Keynote Speaker Kerry Lunney

**Kerry is INCOSE President Elect for 2018-2019 and will be President in 2020-2021.**

**She has been a member of the INCOSE Board of Directors representing Asia-Oceania, and a past-National President of the Systems Engineering Society of Australia.**

**In her day job, Kerry is Country Engineering Director and Chief Engineer in Thales Australia. Recent roles include Chief Systems Engineer, Solutions Architect, and Design Authority**

**She has extensive experience in developing and delivering large system solutions, including design, software development, infrastructure implementation, hardware deployment, integration, sell-off, training, and on-going support.**

**She has worked in various industries including ICT, Gaming, Financial, Transport, Aerospace and Defence, in Australia, Asia and USA.**

**Systems delivered include combat systems, mission systems, communication systems, road and rail ITSS, flight simulators, security systems, vehicle electronic systems, gaming systems, and ICT foundation systems.**

**Kerry is a member of IEEE, a Fellow Member of Engineers Australia with the status of Engineering Executive and Chartered Professional Engineer, and holds the Expert Systems Engineering Professional (ESEP) qualification from INCOSE.**
