Enchantment Chapter Spring Social - What You Missed!

We gathered in person on Thursday, May 7, 2025 at the Gruet Winery Barrel Room in Albuquerque. Thirty-six of your fellow chapter members and friends enjoyed wine and food. We also celebrated 2025 membership milestones for our Chapter members.

The **35th Annual INCOSE International Symposium (IS)** is scheduled for July 26 to 31, 2025, in Ottawa, Canada, at the Roger Centre Ottawa. This symposium serves as a premier international forum for systems engineering, offering a diversified program that includes keynotes, tutorials, presentations, and panels across various application domains. Attendees will have opportunities to expand their professional networks, learn from thought leaders, and contribute to the advancement of the field. The event will also be hybrid, accommodating both in-person and virtual participants.

For more information and to register for the upcoming symposium, please visit the [INCOSE IS 2025](#).

INCOSE WSRC Registration is OPEN!

The WSRC is a 3-day event showcasing presentations, keynotes, tutorials, and tours all focusing on topics related to engineering successful systems. The WSRC is not just for INCOSE members or systems engineers. It's an opportunity for project managers, educators, technology professionals, and others who have a 'systems thinking' mindset to share with one another about how to apply systems approaches to solve challenging problems. You can even take your INCOSE System Engineering Professional (SEP) Certification Exam during the event! Please join us!

[WSRC Registration Link](#)

Membership	Student	Early Bird	Regular	Remote
Member	\$50	\$350	\$450	\$350
Non-member	\$75	\$450	\$550	\$450
Senior Member		\$300	\$350	\$300
Presenters (with the \$50 off)		\$300		

INCOSE ALL-Member Survey

Thank you to those who completed the INCOSE All-Member Survey. This survey is critical for gathering feedback to improve our organization and better support the systems engineering community.

INCOSE SEP Preparation Opportunities

These are opportunities that the Enchantment Chapter Board of Directors is aware of and want to share with our Chapter's systems engineering community. Please note that the Chapter is not endorsing one option over another, and the best option depends on individual requirements. Please visit the following link that is posted on the Enchantment Chapter Website. [Systems Engineering Professional Certification Exam Preparation Opportunities](#)

CELEBRATING OUR CHAPTER MEMBERS

We are excited to recognize the dedication of our Enchantment Chapter members who are marking milestones in their INCOSE membership this quarter! Thank you for your continued engagement, contributions, and passion for advancing systems engineering.

5 Years

Barry Papke
Chris Hales

10 Years

Shavawn Bell
Anthony Matta

We are also excited to welcome new members of the Enchantment Chapter this quarter!

Melissa Archuletta
Andrew Torres
Kevin Wood
Eric Walker
William Reed
