

The theme of the conference, **Systems Engineering – Exploring New Horizons**, is inspired by the Millennium Project (www.millennium-project.org), commissioned by the United Nations Secretary General in 2002 to develop a concrete action plan to address key global challenges such as poverty, hunger and disease facing humanity across the globe. To this end the conference aims to focus the application of Systems Thinking and Systems Engineering theory, principles, processes and tools on the 15 global challenges identified by the Millennium Project. Papers and tutorials that fall within the practice of systems engineering and associated disciplines are invited.

The conference will take place at the Lord Charles Hotel and Conference Centre, Somerset West, Cape Town from **27 – 30 October 2014**.

Important Dates:

21 April 2014: Review-ready Draft Paper Submission Deadline

28 July 2014: Notification of Paper Acceptance

25 August 2014: Final Paper Submission

For more information on submitting papers, sponsorship opportunities and attending the conference, please visit our website at www.incose-emea.org

EXPLORE SOUTH AFRICA'S HORIZONS

Home of Nelson Mandela's rainbow nation

We invite you to attend the 9th Biennial EMEASEC Conference in South Africa in October 2014. We have selected a world-class venue in the heart of the Western Cape where we will not only stimulate your mind but also your senses with the beauty of the environment and the excellent food and wine on offer.

Regular newsletters on the conference will be distributed and the website will be updated with information as it becomes available.

Accommodation during the conference is available at the Lord Charles Hotel and Conference Centre, but many other hotels and guesthouses in the beautiful wine lands are also available.

South Africa offers a world in one country, from Cape Agulhas where the Indian and Atlantic oceans meet to the arid Kalahari desert; the tropical East Coast to the Bushveld. It hosts an abundance of fauna and flora, including the big five and the coveted disa orchid and Cape fynbos.

We invite you to extend your visit in South Africa and explore our beautiful horizons. We have selected an experienced travel agency to assist you with your journey through South Africa. They can also arrange for day tours in the Cape Town vicinity for your partner while you attend the conference.

Cape Town and environs offers a multitude of destinations – whale watching in Hermanus, shark cage diving, the Kirstenbosch Botanical Gardens, a cable car to the top of Table Mountain, the Victoria and Alfred Waterfront which hosts world-class restaurants, boutiques and the Two Oceans Aquarium. The wine estates offer delectable wines and lunches while various farmstalls en route entice with fresh produce and curios.

Further afield you can visit the Kango Caves and ostrich farms and for the star gazers, Sutherland with the South Africa Large Telescope will not disappoint. Moving north, the Kruger National Park, the Cradle of Humankind World Heritage Site, Pretoria National Zoological Gardens and Union Buildings await.
