WELCOME

Welcome to the INCOSE EMEA Sector Systems Engineering Conference for 2014, EMEASEC 2014.

EMEASEC 2014 is the first Sector conference outside Europe and the premier conference of systems engineering and related disciplines in the Europe, Middle-East and Africa (EMEA) Sector. The conference gives industry, organizations, educators, researchers, and government the opportunity to showcase cutting edge practice and research.

EMEASEC 2014 will be presented at the Lord Charles Hotel in Somerset-West, Western Cape, South Africa from 27 - 30 October 2014 with a number of ancillary events included.

THEME

The EMEASEC 2014 theme, *Systems Engineering: Exploring New Horizons*, is inspired by the Millennium Project commissioned by the United Nations Secretary General in 2002 to develop a concrete action plan to address key global challenges such as poverty, hunger and disease facing humanity across the globe. To this end the conference aims to focus the application of Systems Thinking and Systems Engineering theory, principles, processes and tools on the 15 global challenges identified by the Millennium Project.

CALL FOR SUBMISSIONS

You are cordially invited to participate in EMEA SEC 2014.

Please submit papers and tutorials that fall within the practice of systems engineering and associated disciplines. The theme of the conference focuses the application of systems thinking and systems

engineering principles and processes on complex problems, such as the 15 global challenges facing humanity.

Accepted papers will be presented and published in the proceedings of the conference and in the INCOSE technical library, earning publication credits. Delegates will also earn Continuing Professional Development (CPD) points for attending the conference.

Full details may be found in the 'Call for Submissions' document, available on the EMEASEC 2014 website for download. Please visit

<http://incose-emea.org/cfc/submissions.html>.

NEWSLETTER

The EMEA SEC 2014 Newsletter (of which this is the first edition) is aimed at advising interested parties of important developments in the run-up to the conference, thus ensuring critical issues are not missed. Recipients are encouraged to forward this newsletter to colleagues who might be interested to participate in the conference!

DATES TO REMEMBER

- **Submission of Draft Papers 21 April 2014**
- Notification of Acceptance 28 July 2014
- Submission of Final Papers 25 August 2014
- Early Registration Open To be Announced
- Conference 27 - 30 October 2014
- Symposium Banquet 28 October 2014
