### NEW TECHNICAL CHAIR APPOINTED

A warm welcome is extended to Dr Jörg Lalk as the new Technical Chair for EMEASEC 2014. Jörg has a long history with INCOSE in South Africa, being one of the founding members of the South African Chapter. He has extensive experience in systems engineering, engineering management and programme management in various industries and it is a privilege to have him as part of our team.

Jörg's appointment follows the resignation of the previous incumbent due to business reasons.

### IW2014

The run-up to EMEASEC 2014 is well underway and a significant effort is being made to promote EMEASEC at IW2014 in Los Angeles at the end of January 2014.

The main focus is the Soirée where wines from all over the world will feature. EMEASEC 2014 will be promoted via the wines from EMEA Sector countries and a complimentary wine glass, branded with the all new EMEASEC conference logo. Attendees will be encouraged to collect a second glass at EMEASEC in October 2014 to ensure they own a set of two!

The promotion will be led by the EMEASEC 2014 Project Leader, René Oosthuizen, who will be eager to answer any questions on the conference and visiting South Africa – brochures will be available.

Finally, a promotional video will whet the appetites of potential delegates and encourage EMEASEC 2014 attendance.

### ISBN ALLOCATED

Good news is that peer-reviewed papers will be officially recognised as such and earn publication credits. The following ISBN has been allocated to EMEASEC 2014.

**ISBN: 978-0-620-58907-9**

### EMEASEC 2014 WEBSITE

The EMEASEC 2014 Website is regularly updated. Be sure to visit it often in order to obtain the latest news and developments on the conference, as well as information on sightseeing tours for companions and those who will utilise the opportunity to combine the conference with a holiday in South Africa.
