

EMEA WSEC 2023
Europe, Middle East, Africa
HYBRID EVENT
Workshop and Conference
April 2023

Dear INCOSE Colleagues,

The INCOSE EMEA workshops and conferences provide a unique forum for systems engineers and practitioners to interact, share and learn of the latest developments in systems engineering science, theory and practice. The technical program is one of the most important aspects of the workshop and conference, and we rely on the quality of the submission reviews to ensure a solid program. Preparation for the INCOSE EMEA WSEC 2023 in Seville, Spain is already in progress. We need reviewers to help us.

The EMEA WSEC 2023 Technical Programme Committee (TPC) cordially seeks your support with the EMEA WSEC 2023 review process as a reviewer. The reviewing timeframe is from 1 December 2022 to 15 February 2023. ***If you are able to volunteer, please reply to the TPC (emea-events@incose.net) by 1 December 2022 by supplying the information requested in the attachment.***

Your personal information will not be made available to any third parties neither will it be used for any purpose other than maintaining a database of INCOSE EMEA Reviewers. You will also receive an email from INCOSE EMEA prior to each workshop or conference allowing you to confirm whether you will again be willing to support the next conference with your volunteer time as reviewer. You can at any time request the removal of your personal information from the reviewer database.

We will use the information you provide to optimally allocate submissions for review to you in a manner best fitting your skills and experience. We endeavor to not burden you with more than three to five submissions to review (although reviewers who volunteer to take on a heavier burden are always welcomed!)

Upon receiving your positive response, the EMEA WSEC 2023 TPC will assess the provided information and contact you to:

- Provide information that would help you to create an EasyChair account (if you haven't already got one); and
- Add you as an EMEA WSEC 2023 Program Committee member via EasyChair (once your information has been loaded on EasyChair you will receive an automated email to confirm this).

You will be notified of your allocated submissions for review between December, 1st and December, 15th including any information you may need to complete your reviews.

Thank you in anticipation of your kind support.

Best regards,
EMEA WSEC 2023 Team

INCOSE EMEA WSEC 2023 Reviewer Data Sheet

Last Name:	
First Name:	
E-mail:	
Country:	
Organization you represent:	
Between 1 and 3 Application Domains from List A below (not more than 3 please!)	
Select between 1 and 3 topics from List B below (not more than 3 please!)	
Do you have an EasyChair account? If so, please provide:	

List A: SE Application Domains

Select between 1 and 3 SE Application Domains from the following list. Your selection will help us to allocate submissions correctly to you. Indicate your selection by, for example, A1, A16, A14.

1. Academia (curricula, course life cycle, etc.)
2. Aerospace
3. Automotive
4. Biomed/Healthcare/Social Services

EMEA WSEC 2023
Europe, Middle East, Africa
HYBRID EVENT
Workshop and Conference
April 2023

5. City Planning (Smart Cities, Urban Planning, etc)
6. Defense
7. Emergency Management Systems
8. Energy (Renewable, Nuclear, etc.)
9. Enterprise SE (Organization, Policies, Knowledge, etc.)
10. Environmental Systems
11. Information Technology/Telecommunication
12. Infrastructure (Construction, Maintenance, etc.)
13. Maritime (Surface & Sub-Surface)
14. Autonomous Systems
15. Oil & Gas
16. Rail
17. Sustainment (Legacy Systems, Re-Engineering, etc.)
18. Service Systems
19. Very Small Enterprises
20. Other Domain (enter your selection if it is not listed)

List B: SE Topics

Select between 1 and 3 SE Topics from the following list. Your selection will help us to allocate submissions correctly to you. Indicate your selection by, for example, B1.1, B1.6, B5.3

1. **SE Theory**
 - 1.1. Complexity
 - 1.2. Cybernetics (A.I., machine learning, etc.)
 - 1.3. Natural Systems
 - 1.4. Systems Dynamics
 - 1.5. Systems Science
 - 1.6. Systems Thinking

2. **SE Technical Practice**
 - 2.1. Business or Mission Analysis
 - 2.2. Manufacturing Systems And Operational Aspects
 - 2.3. Needs And Requirements Definition
 - 2.4. System Architecture/Design Definition
 - 2.5. System Integration
 - 2.6. Verification/Validation

3. **SE Management**

EMEA WSEC 2023
Europe, Middle East, Africa
HYBRID EVENT
Workshop and Conference
April 2023

- 3.1. Acquisition and/or Supply
- 3.2. Configuration Management
- 3.3. Decision Analysis and/or Decision Management
- 3.4. Information Management Process
- 3.5. Technical Leadership
- 3.6. Measurement & Metrics
- 3.7. Project Planning, Project Assessment and/or Project Control
- 3.8. Quality Management Process
- 3.9. Risk & Opportunity Management

4. **SE Specialty Engineering**
 - 4.1. Human-Systems Integration
 - 4.2. Life-Cycle Costing and/or Economic Evaluation
 - 4.3. Reliability, Availability, and/or Maintainability
 - 4.4. Resilience
 - 4.5. Competency/Resource Management
 - 4.6. System Safety
 - 4.7. System Security (cyber-attack, anti-tamper, etc)

5. **Cross-Cutting Systems Engineering**
 - 5.1. Agile Systems Engineering
 - 5.2. Lean Systems Engineering
 - 5.3. MBSE
 - 5.4. Modeling/Simulation/Analysis
 - 5.5. Processes
 - 5.6. Product Line Engineering
 - 5.7. Software-Intensive Systems
 - 5.8. Systems of Systems (IoT, cyber physical systems, etc.)
 - 5.9. Teaching and Training

6. **Other SE Topic**
 - 6.1 Enter your topic if not listed
