## WG PURPOSE/MISSION

The purpose of the INCOSE Risk Management Working Group (RMWG) is to advance knowledge, common understanding, and quality of practice of risk and opportunity management in the systems engineering community worldwide. Our mission is to develop value-added technical products and participative activities which help INCOSE members effectively and efficiently implement risk and opportunity management.

## WG GOAL(S)

- A. Provide a forum for INCOSE risk management practitioners to present research and analysis results, discuss problems, and put forth improvement ideas.
- B. Establish and maintain a process for collecting and consolidating input to be used for updating the INCOSE Handbook risk and opportunity management sections
- C. Generate specific work products for consideration as input to the INCOSE Handbook, SEBoK, International Standards, and others.
- D. Develop and ... (see website for more)

## WG SCOPE

Risk and Opportunity Management practices for systems engineering projects and programs.
