## Finger Lakes Chapter of INTERNATIONAL COUNCIL ON SYSTEMS ENGINEERING

June Chapter Meeting

- ➤ **Thursday, June 15, 6 – 7:30 pm (eastern)**
- ➤ **"INCOSE's *Systems Engineering Competency Assessment Guide*" by Clifford Whitcomb, Ph.D.**

The Systems Engineering Competency Assessment Guide was developed by the Competency Working Group and published by Wiley in January 2023. The book defines a set of 37 competency areas spanning the systems engineering discipline. It provides extensive guidance on the evaluation of these competencies, with information for individuals and organizations on how to identify and assess competence.

Clifford Whitcomb, PhD, is an INCOSE Fellow and Chair of the INCOSE Competency Working Group (CWG). He is a Professor in the Systems Engineering Program at Cornell University and a Distinguished Professor Emeritus from the Naval Postgraduate School.

This meeting will be on Thursday, June 15, 6 – 7:30 pm (eastern).
Attendees can attend via zoom or, **if a US Person**, in-person at L3Harris Technologies Rochester, NY (1680 University Avenue, Rochester NY, 14610).
Attendees need to pre-register.
To register, send an email to Susan.Urban@incose.net and state whether you will attend via zoom or in-person.
The zoom link will be sent out a few days before the meeting.
For in-person attendees (L3Harris): Further instructions will be sent out before the meeting.
Those attending in-person must register by noon, June 14.
All are welcome. There is no cost to attend the meeting.
