The International Council On Systems Engineering (INCOSE)

The International Council on Systems Engineering (INCOSE) is a not-for-profit membership organization founded (in 1990) to develop and disseminate the trans-disciplinary principles and practices that enable the realization of successful systems. INCOSE is designed to connect systems engineering professionals with educational, networking, and career-advancement opportunities in the interest of developing the global community of systems engineers and systems approaches to problems. We are also focused on producing state-of-the-art work products that support and enhance this discipline's visibility in the world.

Alignment with INCOSE's Overall Purpose and Mission

The International Council on Systems Engineering (INCOSE) is a not-for-profit membership organization founded (in 1990) to develop and disseminate the trans-disciplinary principles and practices that enable the realization of successful systems. **INCOSE is designed to connect systems engineering professionals with educational, networking, and career-advancement opportunities in the interest of developing the global community of systems engineers** and systems approaches to problems. We are also focused on producing state-of-the-art work products that support and enhance this discipline's visibility in the world.

Innovative (State-of-the-Art) Career Fair Concept and Design

The International Council on Systems Engineering (INCOSE) is a not-for-profit membership organization founded (in 1990) to develop and disseminate the trans-disciplinary principles and practices that enable the realization of successful systems. INCOSE is designed to connect systems engineering professionals with educational, networking, and career-advancement opportunities in the interest of developing the global community of systems engineers and systems approaches to problems. We are also **focused on producing state-of-the-art work products that support and enhance this discipline's visibility in the world.**

Student Systems Engineering Virtual Career Fair (VCF)

Employer virtual
booth set-up is year-
round.

Virtual booth
subscriptions are
annual with 3-4 Fairs
per year.

Schedule & hold Fairs
in association with
INCOSE events.

Students can “browse”
employer booths, use chat-
bots, and upload resumes in
advance of scheduled Fairs.

Attract students primarily from INCOSE Student Divisions and INCOSE-affiliated Systems Engineering (SE) schools.

Service primarily, but not exclusively, employers that are INCOSE CAB Members. (CAB discount is 50%. Also receive discount on IS Sponsorship)

Spring/Summer 2022 Virtual SE Student Career Fair*
June 1 – July 1

Explore the World of Opportunities in Systems Engineering (SE)

- Entry Level
- Internships

FREE to all students and recent graduates.

* The INCOSE/SE virtual career fair system completed successful beta testing in April 2021. The 2022 SE fair is a scaling of that system. The virtual career fair will be held from June 1 to July 1, 2022. Booth purchase is a 1 year subscription and includes an estimated 3-4 fairs.

June 1 – July 1 (24/7)

Live Interactions:

- Browse Company Virtual Booths
- Use Chatbots/IT to Connect
- Visit INCOSE Welcome Center
- **Upload Your Resume**
- Coaching Sessions: May-June
- Interviews & One-on-Ones

Round 1: June 20-21
Round 2: June 23-26

Engage with INCOSE Corporate Advisory Board (CAB) and GLNC event-affiliated systems engineering (SE) employers:

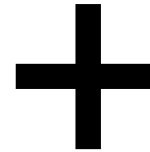

INCOSE | gm | SAIC | Ford | ELLIGATTI ASSOCIATES | BAE SYSTEMS

... and more!
