

2018 Annual INCOSE
Great Lakes Regional Conference
SYSTEMS AT THE CROSSROADS
17 - 20 October 2018 | Indianapolis, Indiana

GLRC2018 Call for Proposals

The Chapters of the INCOSE Great Lakes Region invite you to participate in the 12th Annual International Council on System Engineering (INCOSE) Great Lakes Regional Conference (GLRC2018) at Indianapolis, Indiana (hotel venue to be announced).

When

17 – 20 OCTOBER 2018

Where

Indianapolis, Indiana

Theme

“SYSTEMS AT THE CROSSROADS”

GLRC2018 — Systems at the Crossroads

[INCOSE Vision 2025](#) describes a landscape of opportunities, challenges, and evolving approaches to engineering the world of the future— a world of “systems”. Many of these issues represent “crossroads”, requiring conscious choices and action leading in new directions. “GLRC2018— Systems at the Crossroads” has been organized around a series of these crossroad issues, and provides opportunities for attendees to compare and advance their understandings and approaches to these important crossroad issues.

GLRC2018 will feature important topics from critical sectors such as aerospace, agriculture, biomedical & healthcare, defense, education, energy, environmental sciences, government, information, infrastructure, safety and security, space and transportation.

GLRC 2018 is for the entire Great Lakes community— not just INCOSE members and not just systems engineers. Our community is connected by our shared interest in the successful advance of systems vital to our regional and global prosperity.

GLRC2018 this year will feature an INCOSE **SE Professional Development Day (SE PDD)**. The SE PDD will be a virtual extension of the conference, with the featured sessions broadcast from Indianapolis to several satellite sites on Friday the 19th of October. Last year several groups participated in the **STEM** demonstration. GLRC 2018 has great interest in engaging the local area youth and looks forward to sponsors also supporting the STEM activities. GLRC2018 looks forward to hosting the STEM demonstration during the conference banquet reception.

[Explore the theme and the topics for GLRC2018](#) and invite yourself and other participants to submit proposals at [GRLC2018 proposal submission via EasyChair](#).

The GLRC2018 Planning Team is excited to open the GLRC2018 conference with an invitation to you and your constituents to visit the local attractions in Indianapolis and to come join us for an exciting time during this year’s theme- “**Systems at the Crossroads**”.

“Stay tuned, more to follow ...”
