

# 14<sup>th</sup> Annual INCOSE Great Lakes Regional Conference (GLRC)

13-16 Sept 2020 – Detroit, Michigan, USA

“Mobility Systems – Land, Sea, Air and Space”

## Call for Submissions

### ABOUT INCOSE GLRC

The INCOSE Great Lakes Regional Conference (GLRC) is a medium-sized annual INCOSE systems engineering (SE) event organized by the INCOSE Chapters of the INCOSE Americas Sector North (Great Lakes) Region.

The GLRC was established in 2007 to provide a forum for supporting and promoting INCOSE and SE at the local Chapter and Regional levels.

The GLRC is strategically positioned “in-between” INCOSE’s smaller-sized chapter-level events and INCOSE’s two large-sized international events – the Annual INCOSE International Symposium (IS), held in July, and the INCOSE Annual International Workshop (IW), held in January.

The GLRC strives to deliver an exceptional high-value conference experience to attendees and presenters alike. Our approach is to provide an outstanding peer-reviewed program at a remarkably affordable price, with significantly less time commitment and travel expense than the INCOSE IS and IW events.

### TOPICS / SUBMISSION TYPES

Abstract submissions of the 4 types listed below are sought. Theme-relevant topics relating to ***all aspect of SE***, and from ***all sectors*** of industry, education and government are desired.

(1) ***Presentations and Panel Sessions*** (24-30 sought) for the 2-day, 3-track “core” GLRC program; Mon/Tues Sept 14-15.

(2) ***Presentations and Lectures*** (6-8 sought) for the INCOSE Systems Engineering Professional Development Day (SE-PDD) program, Tues Sept 15, to be live-streamed to INCOSE CAB, University, INCOSE Chapter and industry locations world-wide.

(3) ***Feature Presentations*** (3-5 sought) supporting the GLRC keynote and technical talk slots Mon Sept 14 thru Wed Sept 16.

(4) ***Tutorials and Workshops*** (6-10 sought) for slots on Sun Sept 13 and/or Wed Sept 16.

### PRESENTER BENEFITS

The GLRC appreciates that it is the presenters, panelists, and instructors who make the GLRC (and the advancement of INCOSE and SE!) possible. Please consider the benefits that the 14<sup>th</sup> Annual INCOSE GLRC is able to provide:

(1) ***Discount admission*** (est. 20-40%) to the GLRC and its activities. ***Free*** admission may apply in certain cases.

(2) ***Copyright ownership*** – GLRC uses INCOSE’s standard IP contract. Unlike many other conferences, you retain ownership of your work.

(3) ***Broadened exposure*** due to GLRC/INCOSE affiliations with other organizations (e.g., PMI, ASME, IEEE, SAE, AIAA, etc.), and Live-streaming.

(4) ***Five minutes or less*** to initiate your submission online using EasyChair. \*

### Key Dates

Deadline for Submissions *	May 30, 2020
Notification of Acceptance	June 30, 2020
Draft Presentation Due	July 26, 2020
Final Presentation Due	Aug. 16, 2020
