Chapter News

October 10 – LA Chapter Speaker Meeting

INCOSE Systems Engineering Handbook Fifth Edition: Updating the Reference for Practitioners

Join us for our first autumn speaker meeting. David D. Walden, ESEP, co-owner and

principal consultant for Sysnovation, LLC, will present an overview of the latest INCOSE Systems Engineering handbook, released in 2023. It describes the overall impetus for change, highlights changes from the previous Fourth Edition, and describes the new content added for this version. The primary purpose of this presentation is to inform the systems engineering community of the changes incorporated into the Fifth Edition.

November 4 – LA Chapter Tutorial

Understanding and Applying the INCOSE SE Handbook Fifth Edition

This half-day tutorial will provide an overview of the 2023 edition of the Systems Engineering Handbook and explain how it can be used to plan, manage, and realize complex systems within the context of demanding business constraints. Participants will be introduced to key systems engineering terminology, concepts, and principles, engaging in several team-based exercises to solidify the concepts being presented. This hybrid event will be held in person at the Manhattan Beach Community Church, or online via Zoom.

November 14 – LA Chapter Speaker Meeting

Please save the date for our upcoming November speaker meeting. We hope you can join us either in person at The Aerospace Corporation, or virtually via Zoom. Be on the lookout for an official invite from us, coming soon to an inbox near you.

December 2 - 2023 INCOSE San Diego/Los Angeles 1-Day Conference

Announcing the FIRST 1-day conference hosted by BOTH the San Diego and Los Angeles chapters!

Please join us for a day of stimulating thought and discussion with fellow professional systems engineers. The day will include 14+ enlightening SE presentations, including the keynote **The Future is Now: Are You Ready?** by Dr. Rick Hefner, Program Director for the Caltech Center for Technology and Management Education.

This in-person event will be held at the Dassault Systemes Biovia Corp building in Sorrento Valley, San Diego.

Call for 2023 Officer Nominations

Election season is on the horizon, consider joining our leadership team today! Successful organizations such as ours owe their success to the helping hands of our volunteers who take time away from their daily engagements and contribute to INCOSE-LA. We welcome your leadership to bring fresh ideas on technical topics and speakers at chapter meetings and tutorials. Self-nominations welcome.

Keeping Up-to-date with INCOSE LA

In response to an increased need for online and virtual collaboration among INCOSE's global membership, INCOSE's IT services and capabilities have expanded and evolved significantly over the past few years. Here are a few ways you can use the new digital ecosystem to keep up with us!

LA Chapter Website

At our chapter website you will find information on upcoming and past activities. We encourage you to bookmark the site and to visit it periodically to stay abreast of ongoing activities. In addition to upcoming event information, we also upload artifacts from past presentations and a copy of our latest newsletter.

LA Chapter Teamup Calendar

At the bottom of our homepage is the chapter Teamup calendar. Teamup is an online calendar which can be accessed in any browser and on most platforms, or via our iOS app or Android app. You can even export events directly from our calendar into yours.
