Membership Director - *Daniel Winton*
Programs Director - *Rick Hefner*
Communications Director - *Karel Marshall*
Systems Engineering Education Director - *Dillan Christensen*
Ways and Means Director – *Dr. Mohsen Salehi*

Happy New Year from INCOSE LA
A huge thank you to the 2023 LA Board of Directors (BOD), the BOD support team of volunteers, and to all the chapter members who participate in our systems engineering events. We're looking forward to an exciting 2024!

Enjoy some photos from our December holiday party, held at the Del Rey Yacht Club.

Jan 18 – INCOSE LA Reception & Town Hall

Join us in person for our annual town hall. This event will include networking, the installation of the 2024 Board, and the chance for you to help architect the upcoming year. Additionally, we'll honor the leadership of Marilee Wheaton, INCOSE President for 2022-2023. Be sure to register today!

Jan 27 – INCOSE International Workshop (IW)

The INCOSE IW is a 4-day event designed for systems engineers to build networks and produce outcomes beyond their typical focus areas. Unlike other conferences, there are no paper, panel, or tutorial presentations. Composed of both in-person and hybrid sessions, attendees will engage in working sessions on the topics: Safer Complex Systems, Future of Systems Engineering (FuSE), and Model Based Systems Engineering (MBSE). This event is open to both INCOSE members and non-members alike.

Jan 29 – INCOSE LA IW Soiree

Join us during the IW for the annual LA Chapter Soiree! Hosted by Dassault Systemes, this event will be held at the Torrance Marriot Lobby Bar.

February 13 – LA Chapter Speaker Meeting

Please save the date for our first Speaker Meeting of the year. We hope you can join us either in person at The Aerospace Corporation, or virtually via Zoom. Be on the lookout for an official invite from us, coming soon to an inbox near you.

Feb 23 – INCOSE Technical Leadership Institute (TLI)

The LA Chapter is looking to nominate a chapter member to the TLI. Established in 2015, the TLI is a two-year program that emphasizes learning together across organizational, national, and cultural boundaries. TLI members are committed to improving technical leadership skills to better address today's product, enterprise, and societal complexity. Participants in the TLI must be nominated by a formal INCOSE leader. Interested applicants should contact Nazanin Sharifi at president@incose-la.org by Friday, Feb 23rd.

February 24 – LA Chapter Q1 Tutorial

Please save the date for our Q1 Tutorial. Be on the lookout for an official invite from us, coming soon to an inbox near you.

Feb 26 – 2024 Ground System Architectures Workshop

Theme: Leaping into New Space: How to Leverage and Integrate with Traditional Aerospace
Locations: Renaissance Los Angeles Airport Hotel & The Aerospace Corporation
Dates: February 26 – 29, 2024

The 28th annual Ground System Architectures Workshop (GSAW) is the forum for the world's space-related ground system experts to exchange solutions with other users, developers, vendors, and researchers. GSAW 2024 is excited to present in-person tutorials, working groups, panel discussions, and much more. There will also be a classified session for U.S. Citizens at the TS/SCI level. Topics include: commercial space, enterprise interoperability, automation, mission management, and many more.
