PERFORMANCE**

Why Systems Engineering?

Increase customer satisfaction and improve your chances for repeat business by adopting a systems engineering approach.

Systems Engineering produces real business results by:

- ▶ **Increasing confidence in successful project delivery – On Time, On Budget, and Meeting Customer Needs**
- ▶ **Reducing risk exposure by identifying and addressing issues earlier in the project**
- ▶ **Saving time and money – Up to 250X on Error Correction**
- ▶ **Increasing employee satisfaction leading to higher quality by reducing stress downstream**

What is INCOSE?

- ▶ **INCOSE is the International Council on Systems Engineering. We are the leading global Systems Engineering organization.**
- ▶ **INCOSE is the place for accessing the value of Systems Engineering for organizations and individuals.**
- ▶ **INCOSE produces state-of-the-art work products that further the Systems Engineering discipline, leading to improvements in productivity and effectiveness.**

Why should I join?

- ▶ **Develop state-of-the-art Systems Engineering products and standards through INCOSE Working Groups**
- ▶ **Drive the discipline forward – Make your mark on the field**
- ▶ **Collaborate and interact with dynamic, accessible innovators and leaders**
- ▶ **Learn from Systems Engineering experts across global industries**
- ▶ **Network and discover potential career opportunities**
- ▶ **Connect with your customers from international governments, industry, and academia**
- ▶ **Get access to state-of-the-art and state-of-the-practice Systems Engineering products from beginner to advanced**
- ▶ **Gain leadership experience and develop soft skills**
- ▶ **Gain Systems Engineering experience through work on real-world problems**

How do I join?
