Showcase your company and generate leads through INCOSE

INCOSE offers a range of advertising and sponsorship opportunities to help boost your marketing strategy and reach the most engaged and active systems engineers globally – INCOSE has 21,000 members and CAB associates and over 130 corporate bodies in the Corporate Advisory Board.

This media kit gives you an overview of the types of opportunities available to your organization.

If you are looking for additional added value, we can help you develop a custom advertising package that offers increased brand visibility.

About the International Council on Systems Engineering

The International Council on Systems Engineering (INCOSE) is a not-for-profit membership organization that promotes international collaboration in systems engineering practice, education, and research. INCOSE's mission is to "address complex societal and technical challenges by enabling, promoting and advancing systems engineering and systems approaches." Founded in 1990, INCOSE has more than 65 chapters and over 21,000 members and associates worldwide. For additional information about INCOSE visit www.incose.org.

Event Sponsorship

International Symposium

INCOSE's Annual International Symposium (IS) is the largest worldwide annual gathering of people who do systems engineering for four days of presentations, case studies, workshops, tutorials, and panel discussions. The program attracts an international mix of professionals at all levels, and includes practitioners in government and industry, as well as educators and researchers. The benefits of attending the

Symposium include the opportunity to share ideas, network, build competency, pursue certification, contribute to the advancement of the profession through collaboration on tools, processes, and methodologies, learn about new offerings in training and education, and forge new partnerships.

INCOSE offers a variety of options for sponsoring and exhibiting at IS 2023. Your presence as a sponsor for this event will identify your organization as a supporter of and leader in the profession of systems engineering.

The next International Symposium (IS) will take place in

Honolulu on 15 - 20 July 2023

International Workshop

INCOSE's International Workshop is the event of the year for systems engineers to contribute to the state of the art. Unlike INCOSE's annual International Symposium and other conferences, there are no paper, panel or tutorial presentations. Instead, attendees spend 4 days working alongside fellow systems engineers who are there to make a difference. Systems Engineers at all levels and from all backgrounds are encouraged to engage in working sessions and contribute their knowledge and experience to take the discipline forward.
