

## INCOSE Past President James H. Brill (1995)

---

**James H. Brill** has over forty years experience in the defense aero-space business. He retired from Hughes Aircraft Company in August 1993. His last position was as Division Manager. He has had general management responsibilities (profit/loss) for tactical avionics products.

Jim founded the Hughes Corporate Systems Engineers Network and championed network activities with a special focus on systems engineering education and training. He also served as a major program manager, Systems Engineering Lab Manager, and ILS Manager of Technical Publications and Training Lab.

Prior to joining Hughes, Jim served 20 years in the U.S. Army. He held positions as troop commander, as R&D Project Officer, and as Program Manager, and he served on the Department of the Army Staff.

Jim is a recognized expert and lecturer in the field of systems engineering and has lectured and presented systems engineering seminars in the United States, Australia, Canada and Europe. He has published a Manager's Handbook of Systems Engineering and numerous papers on world class systems engineering.
