

LST-101 INCOSE Membership Price List (V4) – October 14, 2021

Individual Member Fees and Chapter Dues

The INCOSE Individual membership fee is defined globally across three distinct categories (Regular, Senior and Student). Members can choose which Chapter they wish to belong to. The proportion of the membership fee retained by Chapters varies depending on whether the Chapter is a Regular (USA and non-Memorandum of Agreement (MoA)) Chapter or a MoA Chapter¹. MoA Chapters may choose to charge an additional fee on top of this published fee in order to cover additional administrative and professional costs required to run the Chapter.

PPP-Based Discounted Fees

Effective 01 January 2019, Regular members may, but are not required to, avail themselves of the Purchasing Power Parity (PPP)²-based discounted fees outlined below.

- PPP Band 1. 100% of the Regular member annual fee if the PPP of the country in which they reside is 50% or more of the PPP of the USA.
- PPP Band 2³. 75% of the Regular member annual fee, rounded up/down to the nearest \$5 USD, if the PPP of the country in which they reside is at least 25% and is less than 50% of the PPP of the USA.
- PPP Band 3. 50% of the standard Regular member annual fee, rounded up/down to the nearest \$5 USD, if the PPP of the country in which they reside is less than 25% of the PPP of the USA.

Transition Fees to Regular Member Status

To facilitate the transition to Regular member status for both Student members and CAB Associates of CAB organizations, a two (2) year transition period offering a reduced membership fee as described in Policy MBR-100 is available. The discounted transition fee is calculated as follows:

- PPP Band 1. 65% of the Regular member annual fee, rounded up/down to the nearest \$5 USD.
- PPP Band 2. 50% of the Regular member annual fee, rounded up/down to the nearest \$5 USD.
- PPP Band 3. No transition discount is offered, as this band already offers a discount of 50% of the Regular member annual fee, rounded up/down to the nearest \$5 USD.

PPP-based membership fees and Chapter dues appear in Table 1. Note, these fees do not include any additional fee that a Chapter may charge over-and-above the published fee in order to cover additional administrative and professional costs incurred to run the Chapter. Any additional fees are hence not included in the percentage based calculations of Central and Chapter dues.

¹ INCOSE's MoA Chapters are: Australia, France, Germany, Israel, Italy, Netherlands, South Africa, Sweden and United Kingdom.

² PPP is a measure used by the World Bank to assess the relative sizes of the economies of countries.

³ Countries of residence that qualify for this discount and which have current INCOSE membership are Argentina, Belarus, Brazil, Bulgaria, Chile, Costa Rica, Greece, Lithuania, Malaysia, Mauritius, Mexico, Poland, Romania, Russian Federation, Thailand and Turkey.

⁴ Per MBR-100 and MBR-101, the Board of Directors will consider potential membership fee increases in January 2022; any increase would be effective JAN 2023.

⁵ The classification of Organizations appears in the CAB Membership Registration form.

⁶ If the value of the Chapter dues apportioned to a Chapter falls below the Baseline Chapter Funding amount the Chapter will receive a guaranteed minimum amount for its membership due for the year, subject to the constraint that the Chapter must have at least 25 active members.
