Welcome to the INCOSE Wasatch Chapter! We serve the Utah systems engineering community.

Our membership resides throughout Utah: Salt Lake City, Layton, Logan, Ogden, Provo, Saint George, and points in between. We named the chapter "Wasatch" (pronounced Wah-sach) for the Wasatch Mountain Range—to identify with our region but not to convey boundaries on membership. We invite all members and non-members to chapter activities.

The Western States Regional Conference will be in Los Angeles this year!
