

Western States Regional Conference

September 30—October 2, 2022
Golden, Colorado

NEW!

Call for Student Posters

WSRC 2022 Theme: **Climb Above the Buzzwords**

The fifth annual WSRC, hosted by the Colorado Front Range Chapter, will showcase the latest innovations in Systems Engineering research and demonstrate real-world applications and solutions.

We recently added a **Student Poster Session** to the agenda. The WSRC Program Committee invites you to submit a poster for an interactive poster session to be held on the evening of 30 September.

Encouraged Topics include:

- Digital Engineering/Twins
- Cross-Domain Solutions
- Systems Reliability
- Agile & DevOps
- Critical Infrastructure
- Telecommunications /5G
- Systems Engineering Education
- Artificial Intelligence/Machine Learning
- Sustainability
- Cyber Security
- Innovation
- Tech Incubation

Students in all phases of education are encouraged to submit. We expect a range of undergraduate, masters, and doctoral level submissions.

Submission Guidelines (by 25 Aug 2022):

Your submission must include (in English):

- Poster Title
- Author(s)' name, affiliation, contact information
- A few sentences that clearly identify the main points of the poster

Posters must be submitted through EasyChair, <https://easychair.org/my/conference?conf=wsrc2022>.

You will need to create an EasyChair account.

NOTE: The full poster is not Due on 25 August, just the above items. However, if a full poster is submitted, the WSRC will provide some feedback on the poster to the author(s).

Posters will not receive a committee review by default. We expect the submitting school's faculty to review their students work.

All posters received by 20 September will be printed by the conference staff. Those submitted after must be printed by the authors. Posters requesting print should be submitted as a .pdf file.
