international symposium

hybrid event

Honolulu HI USA

Presenter: Kyle Hall — Airbus

Put an end to my MBSE frustration.
Please.

Unfortunately I have not “been a systems engineer for close to 30 years”

MBSE is mandatory to understand the complexity of our products.

Current standardisation for Industrial maintenance of MBSE models is infuriating.

How do you archive an MBSE model?

An ineffective way to archive knowledge?

An effective way to archive knowledge?

The “Twitter Pitch”

Who?

What?

Why?

How do you share knowledge?

How do you recall knowledge?

The shameless plug
