

## Outstanding Service Award Recipients

Year Recipient	Award Citation
2025 Odile MORNAS	For her continuous involvement as the Associate Director for INCOSE Certification in AFIS and as an active member of the INCOSE Certification Advisory Group and SE Handbook V5 Editorial Team.
2025 Frédéric AUTRAN	For his continuous involvement as the Associate Director for INCOSE Certification in AFIS and as the chair and active member of the INCOSE Certification Advisory Group (CAG).
2025 Anne SIGOGNE	For the continuous organization of events for AFIS and her active involvement in the SESE tours for the INCOSE EMEA Sector.
2025 Kirsten Helle	For her continued service as the NORSEC chapter President and Past-president, extended support as Deputy Assistant EMEA Director, and innovations supporting emerging and struggling chapters within the EMEA sector.
2025 Satyanarayana Kokkula	For outstanding dedication as NORSEC President, his commitment to promoting SEP certification, the biannual study groups, the Kongsberg SE Event, and continuous improvement
2024 Jean-Luc GARNIER	For his initiatives and actions to promote Systems Engineering in AFIS Chapter as Technical Director and Chapter President as well as his active chairmanship of the INCOSE Architecture WG.
2024 Artis Riepnieks	For his service at the regional level as a chair of the INCOSE Western States Regional Conference 2023.
2024 Omer Ertekin	For his exceptional dedication and impactful contributions to the INCOSE Türkiye Chapter and the broader systems engineering community in Türkiye. Through his leadership as Chapter President, comprehensive educational initiatives, and personal mentorship, Mr. Omer Ertekin has significantly advanced the practice and understanding of systems engineering, inspiring a new generation of professionals in the region.

Year Recipient	Award Citation
<b>2024 Anabel Fraga</b>	For her contributions to the creation and execution of technical programs for the INCOSE IS and INCOSE EMEA. Also, for her contributions as a leader in her local chapter (Spain).
<b>2024 Jessica Tucker</b>	For her outstanding contributions in establishing and growing the INCOSE NZ Chapter.
<b>2024 David Schrunk</b>	For his outreach and liaison to members of INCOSE and other organizations to present a vision of better approaches to creating laws.
<b>2024 Tami Katz</b>	For her significant volunteer effort on behalf of INCOSE including outstanding leadership as Chair of the INCOSE Requirements Working Group, Chair and Assistant Director of Process Enablers for Tech Ops, outreach activities promoting INCOSE, and for providing significant contributions to the advancement of needs and requirements excellence in systems engineering.
<b>2024 Erik Herzog</b>	For his endless enthusiasm and tireless work in raising Systems Engineering knowledge and its application in industry and academia, especially among younger and female systems engineers, and for doing this in a very humble way.
<b>2023 Carlo Leardi</b>	For promoting systems engineering through the establishment of AISE and subsequently the conduction of many events and initiatives.
<b>2023 Mark Winstead</b>	For his contributions to the field of systems engineering and his efforts to promote the importance of security and trustworthiness.
<b>2023 Dorothy McKinney</b>	For developing an INCOSE-wide mentoring strategy, and successfully implementing the pilot phase of that strategy.
<b>2023 James M. "Jim" Adams, PhD</b>	For sustained excellence in supporting the Colorado Front Range Chapter, Western States Regional Conference, and as a liaison with multiple AcEq Programs supporting the INCOSE Certification Program.
<b>2023 Angelinda Rush</b>	for outstanding support as the Colorado Front Range Technical Program Director including serving as Program Chair for the Western States Regional Conference.

Year Recipient	Award Citation
<b>2023 Valkand N. "VJ" Jhaveri</b>	For years of exceptional sustained effort of working at local, regional, national and international events supporting INCOSE and increasing awareness to other professional societies.
<b>2022 Marcel "M.T.F.M." van de Ven</b>	For outreach to the non-systems engineering community; maintaining leadership roles in several working groups; and leading his company in the growth of systems engineering practices that allow the firm to reduce risks in complex and complicated projects in the Netherlands.
<b>2022 Emma S. Sparks</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Paul Schreinemakers</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Paul Kostek</b>	For the promotion of systems engineering, knowledge, leadership and events in the Seattle Metro Chapter and exceptional leadership roles in the Western States Regional Conference (WSRC), including Sponsorships and Exhibits Chairman from 2018 through 2022.
<b>2022 Paul D. Nielsen</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 David H. "Dave" Olwell, Ph.D.</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Patrick Godfrey</b>	For creating the INCOSE Institute for Technical Leadership enabling INCOSE members to improve their leadership skills in a collaborative learning environment.
<b>2022 John V. Farr, PhD, PE, PMP</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 John MacCarthy</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.

Year Recipient	Award Citation
<b>2022 David A. Nichols</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Dennis M. Buede, Ph.D.</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Donald S. "Don" Gelosh</b>	For creating the INCOSE Institute for Technical Leadership enabling INCOSE members to improve their leadership skills in a collaborative learning environment.
<b>2022 Michael C. "Mike" Pennotti</b>	For creating the INCOSE Institute for Technical Leadership enabling INCOSE members to improve their leadership skills in a collaborative learning environment.
<b>2022 Phillip J. Brown</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Garry J. Roedler</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Heather Feli</b>	For unrelenting dedication and transformative leadership in supporting and empowering women leaders to author and publish their important works in a compilation of chapters addressing emerging trends in systems engineering leadership.
<b>2022 Sanford A. "Sandy" Friedenthal</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Young B. Moon, Ph.D, P.E.</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Wolter J. "Wolt" Fabrycky</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.

Year Recipient	Award Citation
<b>2022 Vincent V. CHAPURLAT, PhD, HdR</b>	For successful management of the AFIS Academic-Industry Forum and the RobAFIS competition in 2020 and 2021 in a full virtual mode as well as the AFIS Engineering School in March 2022.
<b>2022 Heinz Stoewer</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Ariela Sofer</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Arthur B. "Art" Pyster</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Stephen J. "Steve" Sutton, PE- Retired; ESEP</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Sky Matthews</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Christopher J. "Chris" Oster</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Robert S. "Bob" Swarz</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Richard "Dick" Fairley</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.
<b>2022 Christopher Davey</b>	For directing, managing, developing and publishing the SE Vision 2035, which broadens, aligns, and promotes Systems Engineering as envisaged in the future.
<b>2022 Clifford A. "Cliff" Whitcomb</b>	For years of long sustained effort resulting in the successful development, recognition and implementation of ABET program criteria for systems engineering.

Year Recipient	Award Citation
<b>2021 Ray Willaford</b>	For outstanding service and promotion of systems engineering, leadership in the Seattle Metro Chapter, and leadership roles in the Western States Regional Conference, including Chairing the 2020 Conference.
<b>2021 Rick Hefner</b>	For his outstanding service to the Los Angeles Chapter of INCOSE and his promotion of systems engineering through leadership activities in conferences and INCOSE initiatives.
<b>2021 Steve McKeown</b>	For personal contributions of talents, time, and commitment as an elected Director for the Southern Maryland Chapter of INCOSE.
<b>2021 Cheryl A. Kinchen, CSEP</b>	For significant contributions as President of the Southern Maryland Chapter, including expanding the Chapter's membership and ensuring that the chapter stayed in touch virtually, implementing monthly virtual speaker meetings.
<b>2021 William A. "Bill" Parkins</b>	For his dedication and sustained efforts to promote synergies between chapters across the Asia Oceania Sector.

<b>2016 Alwyn G. Smit</b>	For personal commitment to the INCOSE South Africa Chapter and significant, continuing contributions toward youth outreach in South Africa and the systems engineering community at large.
<b>2015 Martin Geisreiter</b>	For his sustained contributions to GfSE, the INCOSE German Chapter, including his support to certification and Systems Engineering standards.
<b>2015 Max Zollinger</b>	For significant and continuous contribution in establishing systems engineering as a discipline in Switzerland, and building the Swiss Chapter of INCOSE.
<b>2015 Kevin Forsberg</b>	SE Handbook Authors for helping create the SE Handbook 4th Edition, an outstanding INCOSE product that will continue to foster world-wide advancement of the discipline of Systems Engineering.
<b>2015 R. D. Hamelin</b>	SE Handbook Authors for helping create the SE Handbook 4th Edition, an outstanding INCOSE product that will continue to foster world-wide advancement of the discipline of Systems Engineering.
<b>2015 Raymond W. "Ray" Jorgensen</b>	IT Project Team for their efforts to deploy the new IT Infrastructure capabilities for member administration, collaboration, and public website.
<b>2015 Michel Galinier</b>	For contribution in creating and leading AFIS, the French INCOSE Chapter, based on his strong belief in Systems Engineering as a vital discipline.
<b>2015 Robert Parro</b>	IT Project Team for their efforts to deploy the new IT Infrastructure capabilities for member administration, collaboration, and public website.

Year Recipient	Award Citation
<b>2015 David Mason</b>	For his outstanding service in establishing the concept of INCOSE Student Divisions, and his years of dedicated service to the Member Board, the Americas Sector and the San Francisco Bay Area Chapter of INCOSE.
<b>2015 David D. "Dave" Walden</b>	SE Handbook Authors for helping create the SE Handbook 4th Edition, an outstanding INCOSE product that will continue to foster world-wide advancement of the discipline of Systems Engineering.
<b>2015 Ronald S. "Ron" Carson</b>	For unique contributions to Systems Engineering Measurement and the INCOSE SE Measurement Primer to treat measurement in the context of closed-loop feedback control.
<b>2015 John D. Quigley</b>	For dedicated and long term excellent service in support of the San Diego Chapter of INCOSE and of the International INCOSE organization.
<b>2015 Gerard H. "Jerry" Fisher</b>	For leadership and contributions in the evolution of INCOSE's Systems Engineering Professional (SEP) program, establishment of ESEP credential and for her service as Chair of the Certification Advisory Group (CAG).
<b>2015 Garry J. Roedler</b>	SE Handbook Authors for helping create the SE Handbook 4th Edition, an outstanding INCOSE product that will continue to foster world-wide advancement of the discipline of Systems Engineering.
<b>2015 FREDERIQUE MAYER</b>	AFIS Research Team for his significant and sustained contribution to the identification, recognition and promotion of System Engineering Research activities, and for networking between Academic and Industrial communities in order to make to make Systems Engineering Research fully applicable to Industry.
<b>2015 HERVE PANETTO</b>	AFIS Research Team for his significant and sustained contribution to the identification, recognition and promotion of System Engineering Research activities, and for networking between Academic and Industrial communities in order to make to make Systems Engineering Research fully applicable to Industry.

Year Recipient	Award Citation
<b>2015 Jack A. Stein</b>	IT Project Team for their efforts to deploy the new IT Infrastructure capabilities for member administration, collaboration, and public website.
<b>2015 Virginia A. "Ginny" Lentz</b>	IT Project Team for their efforts to deploy the new IT Infrastructure capabilities for member administration, collaboration, and public website.
<b>2015 Andrew C. "Andy" Pickard</b>	IT Project Team for their efforts to deploy the new IT Infrastructure capabilities for member administration, collaboration, and public website.
<b>2015 Eric BONJOUR</b>	AFIS Research Team for his significant and sustained contribution to the identification, recognition and promotion of System Engineering Research activities, and for networking between Academic and Industrial communities in order to make Systems Engineering Research fully applicable to Industry.
<b>2015 Elizabeth L. "Beth" O'Donnell</b>	For her sustained and outstanding support of the INCOSE Los Angeles Chapter and its members, through service in elected and appointed roles, and her dedication and commitment to the field of systems engineering both within INCOSE and other technical societies.
<b>2015 Rüdiger Kaffenberger</b>	For his exemplary service in founding GfSE, the German INCOSE Chapter, his service as Treasurer since its foundation, and his contributions to the German SE Certification program.
<b>2015 Thomas M. Shortell</b>	SE Handbook Authors for helping create the SE Handbook 4th Edition, an outstanding INCOSE product that will continue to foster world-wide advancement of the discipline of Systems Engineering.
<b>2015 John F. Nallon</b>	For his dedicated service as Assistant Director for Technology 2011-2014.
<b>2015 Steven H. "Steve" Dam</b>	For his focus on both technical excellence and social interaction that have grown and developed the Washington Metro Area Chapter of INCOSE and its events.

Year Recipient	Award Citation
<b>2015 David C. Hall</b>	For leadership and contributions in the evolution of INCOSE's Systems Engineering Professional (SEP) program, establishment of ESEP credential and for her service as Chair of the Certification Advisory Group (CAG).
<b>2015 Shirley Tseng</b>	For her sustained and outstanding service in support of the INCOSE Los Angeles Chapter and its members, through service in elected and appointed roles, and in particular her promotion of systems engineering and technical education in the Western region of the USA.
<b>2015 Stephen J. "Steve" Sutton, PE- Retired; ESEP</b>	IT Project Team for their efforts to deploy the new IT Infrastructure capabilities for member administration, collaboration, and public website.
<b>2015 Terje Fossnes</b>	For his dedicated service as Assistant Director for Technical Events 2008-2014.
<b>2014 Timothy L. "Tim" Ferris, PhD</b>	For longstanding and continuous contributions to the educational and research activities within INCOSE; and, for the creation of a permanent, high quality photographic archive of INCOSE events.
<b>2014 Chris Paredis</b>	For excellent service in the creation of an INCOSE SE Vision 2025 that will inform the global development of Systems Engineering as a discipline and INCOSE as a broker of knowledge and a world authority on Systems Engineering.
<b>2014 René Oosthuizen</b>	For his leadership and outstanding commitment to the INCOSE South Africa Chapter including bringing EMEASEC to South Africa in 2014, and his contributions to INCOSE at the International level.
<b>2014 Terje Fossnes</b>	For being a leader and key contributor in the evolution of INCOSE's Systems Engineering Professional (SEP) program in Europe and in the US; for Project Leadership coordinating activities of the International workshop; and, for contributions to the updating, refinement and publication of the core CSEP examination and certification-related material.

Year Recipient	Award Citation
<b>2014 Andrew C. "Andy" Pickard</b>	For longstanding and continuous contributions to the INCOSE Corporate Advisory Board through the creation and maintenance of the CAB Knowledge center and the INCOSE webinar series; and, for the creation of a permanent, high quality photographic archive of INCOSE events.
<b>2014 David A. Nichols</b>	For excellent service in the creation of an INCOSE SE Vision 2025 that will inform the global development of Systems Engineering as a discipline and INCOSE as a broker of knowledge and a world authority on Systems Engineering.
<b>2014 Avigdor Zonnenshain</b>	For significant effort to promote INCOSE and SE at the international, EMEA Sector and national levels as former president of the Israeli chapter, leader of several task forces and Working Groups, and Ambassador of the Israeli chapter to both INCOSE and the EMEA sector.
<b>2014 Christopher Unger</b>	For excellent service in the creation of an INCOSE SE Vision 2025 that will inform the global development of Systems Engineering as a discipline and INCOSE as a broker of knowledge and a world authority on Systems Engineering.
<b>2014 Bruce C. Beihoff, MSc</b>	For excellent service in the creation of an INCOSE SE Vision 2025 that will inform the global development of Systems Engineering as a discipline and INCOSE as a broker of knowledge and a world authority on Systems Engineering.
<b>2014 Sanford A. "Sandy" Friedenthal</b>	For excellent service in the creation of an INCOSE SE Vision 2025 that will inform the global development of Systems Engineering as a discipline and INCOSE as a broker of knowledge and a world authority on Systems Engineering.
<b>2014 Bohdan W. "Bo" Oppenheim, PhD</b>	For significant and continuous contributions to the creation, evolution, and dissemination of Lean Enablers for Systems Engineering; and, for his personal commitment to the INCOSE Polish chapter.
<b>2014 Gauthier FANMUY</b>	For his significant contribution as a WG leader for the Requirements Engineering WG for both AFIS and INCOSE; for consistent activity in the Systems Engineering for Very Small and Micro Enterprises WG; and for his important contributions in the development of the ISO standard on this subject.

Year Recipient	Award Citation
<b>2014 Duncan H. Kemp</b>	For excellent service in the creation of an INCOSE SE Vision 2025 that will inform the global development of Systems Engineering as a discipline and INCOSE as a broker of knowledge and a world authority on Systems Engineering.
<b>2014 Heinz Stoewer</b>	For excellent service in the creation of an INCOSE SE Vision 2025 that will inform the global development of Systems Engineering as a discipline and INCOSE as a broker of knowledge and a world authority on Systems Engineering.
<b>2014 Jon P. Wade, Ph.D.</b>	For excellent service in the creation of an INCOSE SE Vision 2025 that will inform the global development of Systems Engineering as a discipline and INCOSE as a broker of knowledge and a world authority on Systems Engineering.
<b>2014 John A. Palmer</b>	In recognition of dedicated service as part of the North Star Chapter of INCOSE.
<b>2014 Mark A. Wilson</b>	For his sustained and dedicated service as part of the Certification Advisory Group, including service as Chair and Co-Chair; as a key contributor in the evolution of INCOSE's Systems Engineering Professional (SEP) program and for his contribution to establishing the ESEP credential.
<b>2013 Dan C. "Doc" Surber</b>	For sustained and dedicated service to INCOSE, the Crossroads Chapter and industry as Chapter President, Region IV Member Board Representative, and Chair of the INCOSE Certification Advisory Group (CAG), including establishment of the ESEP program and development of the CAB Strategic Plan and Operations Plan.
