

International Council on Systems Engineering
A better world through a systems approach

MBSE with SysML and Standard Multidisciplinary Co-simulation for Rapid Prototyping, Verification & Validation

Saulius PAVALKIS,
PhD, ESEP

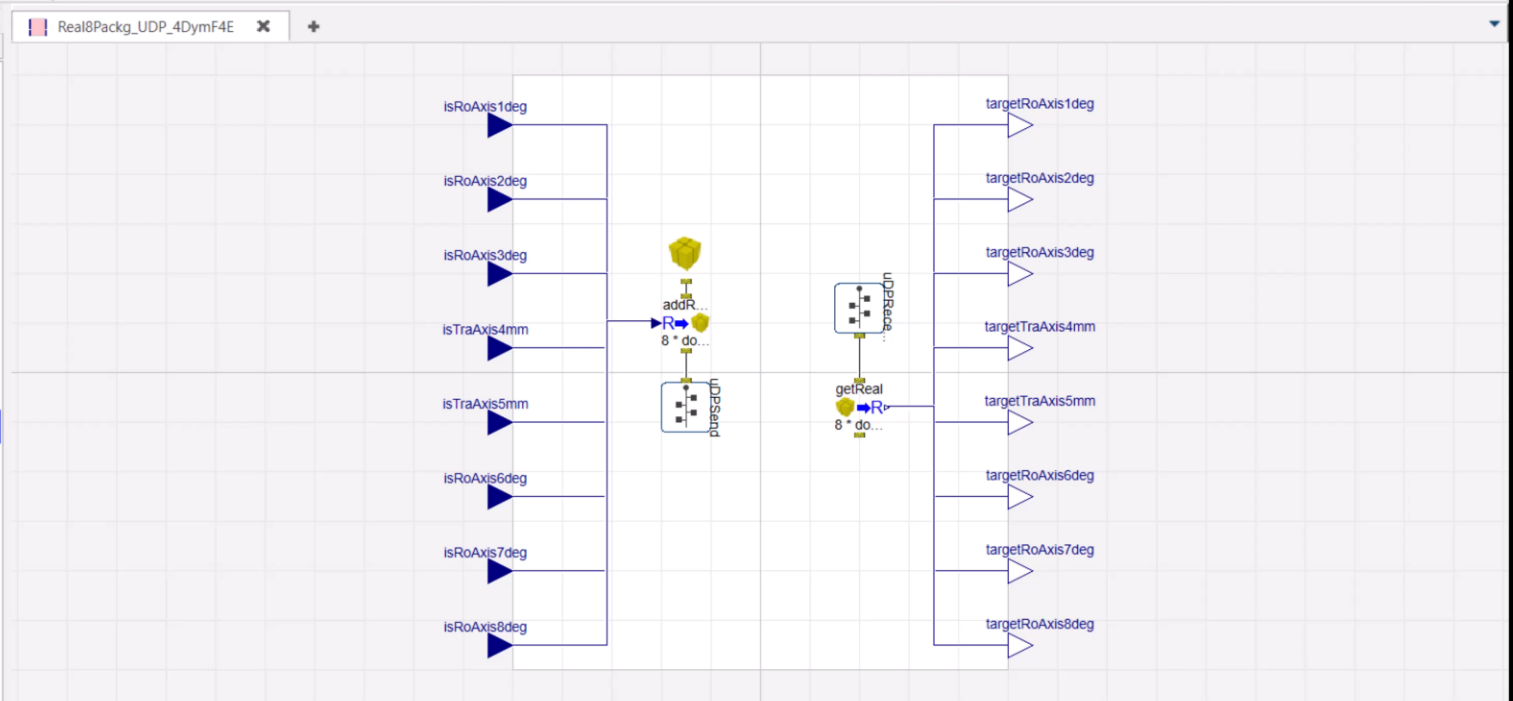

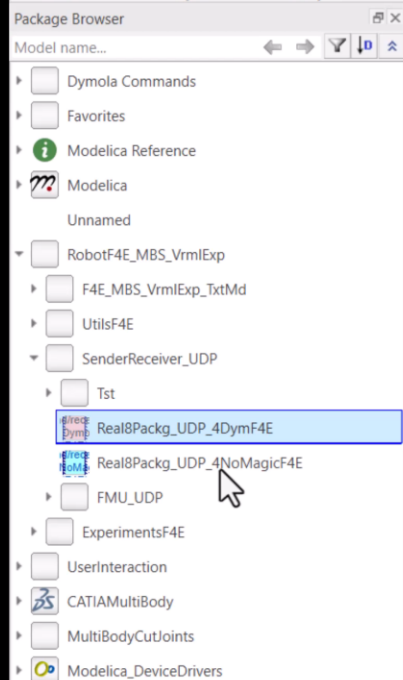

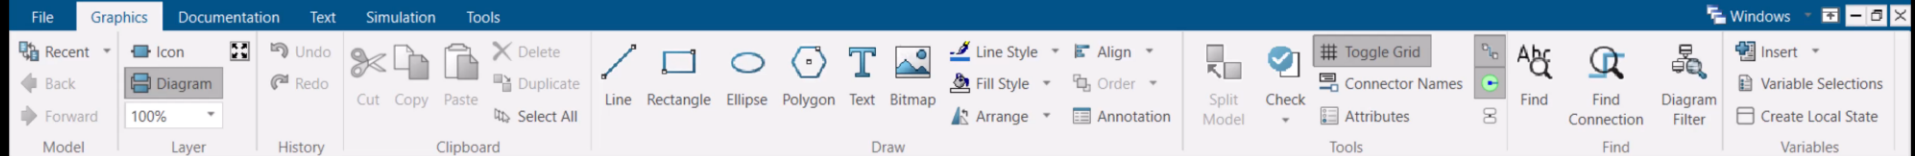

WW CATIA NO MAGIC - Cyber Industry
Consultant Senior Director

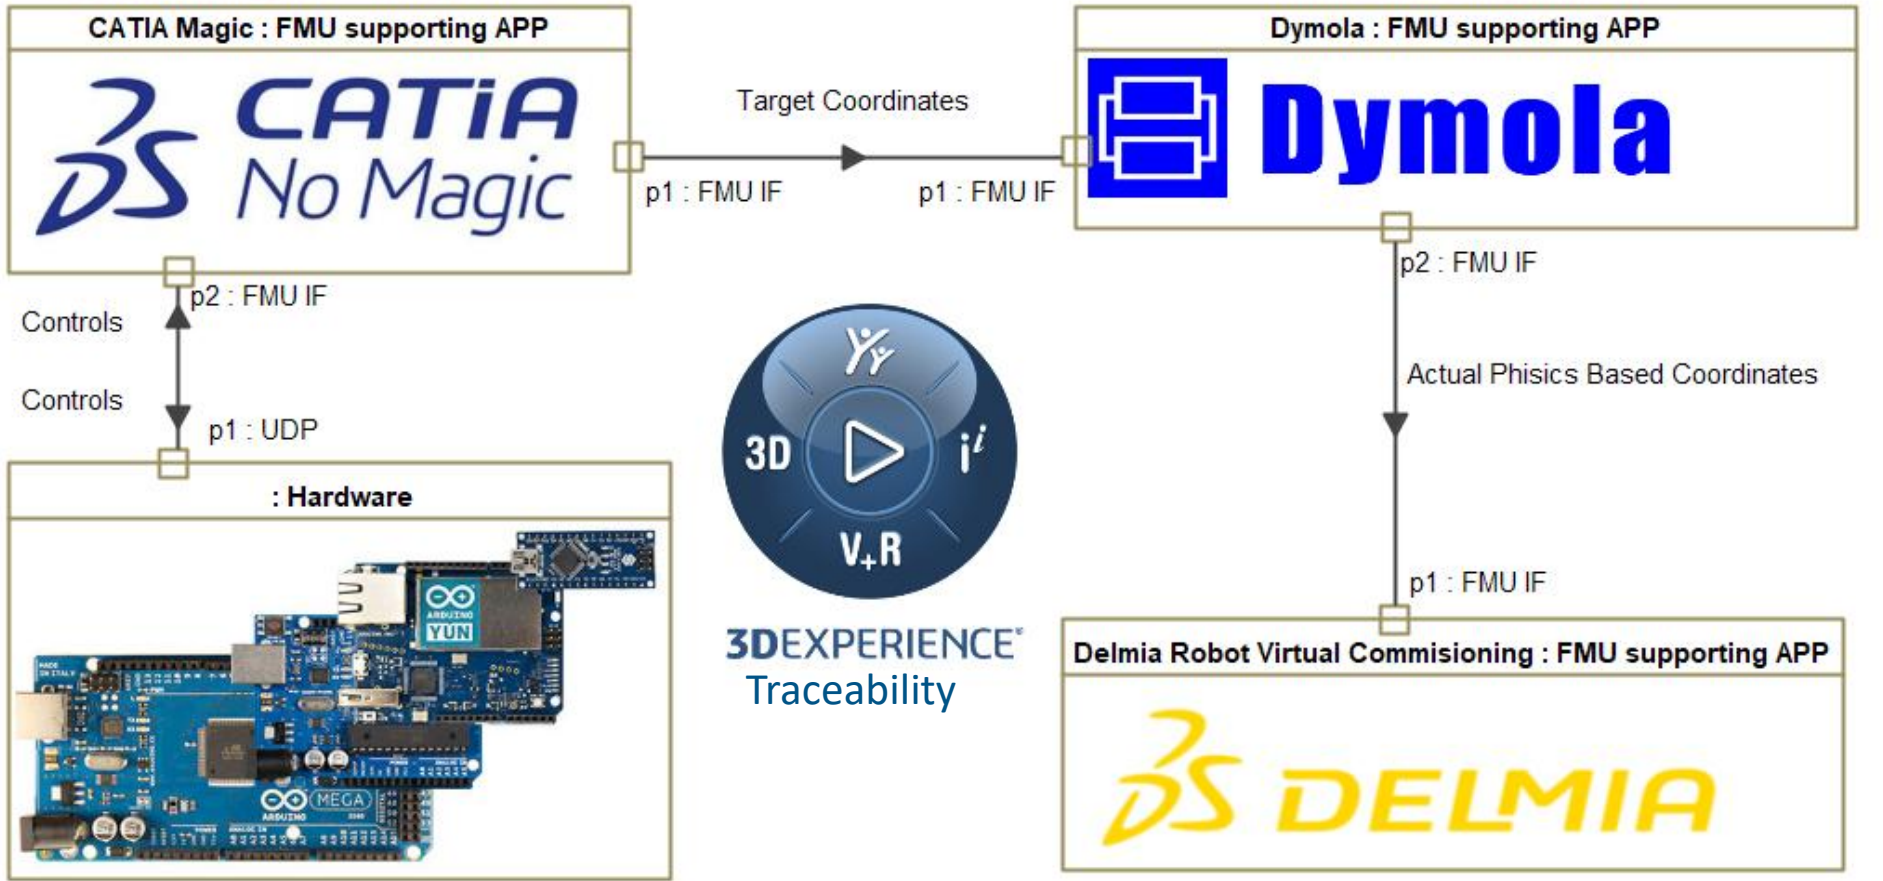

Enable model based digital engineering ecosystem

Multidisciplinary Co-simulation for
Rapid Prototyping, Verification & Validation

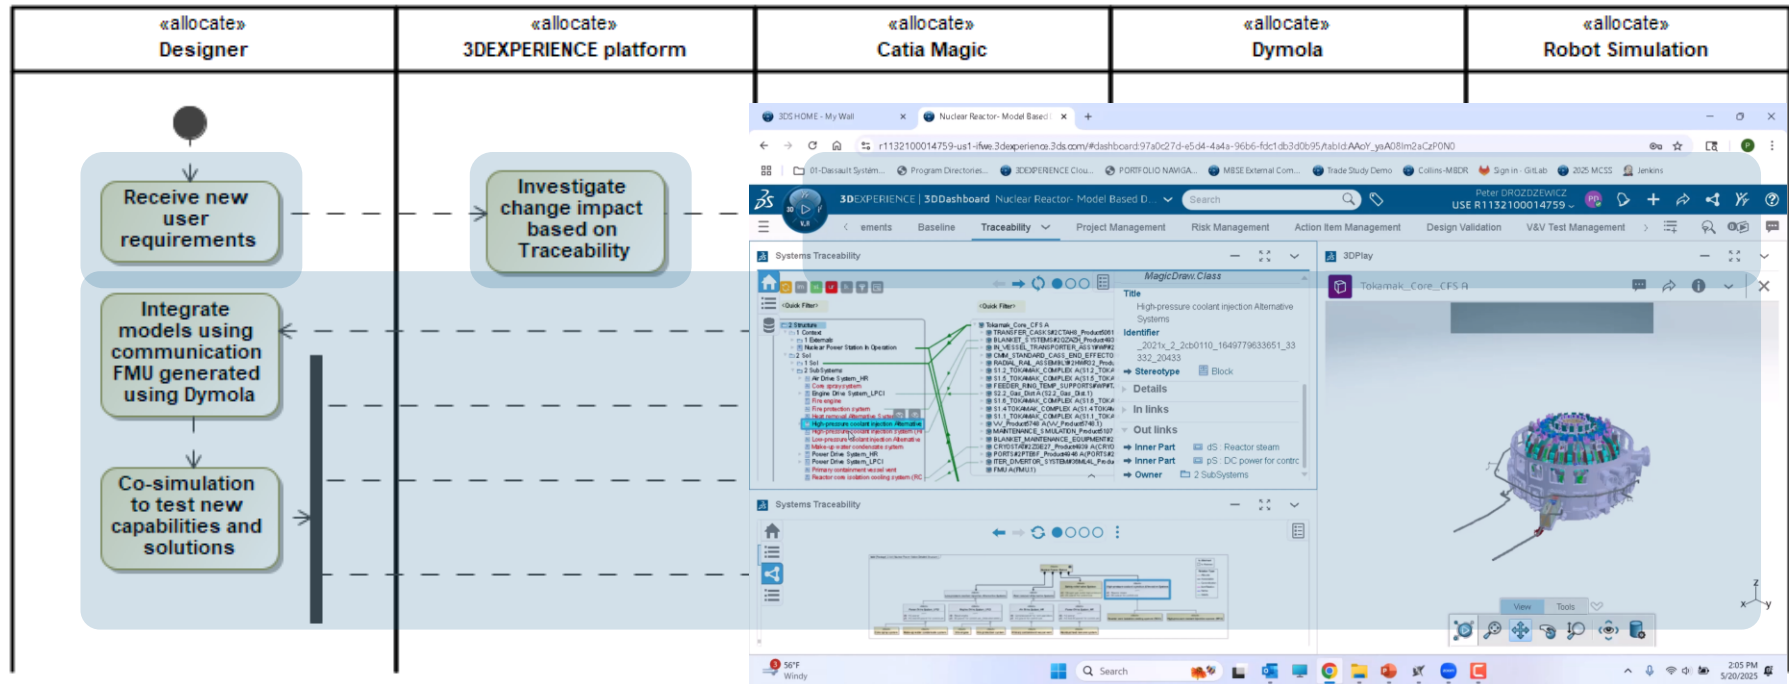

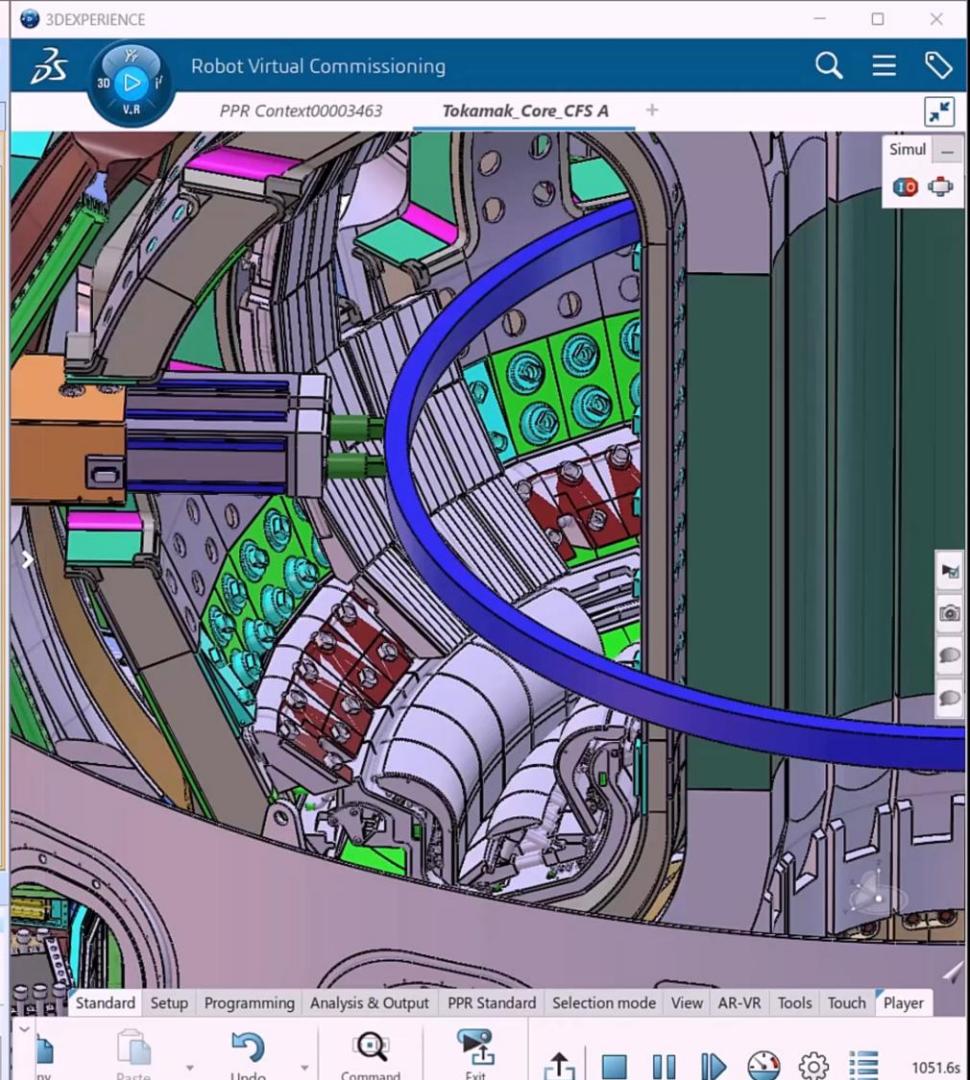

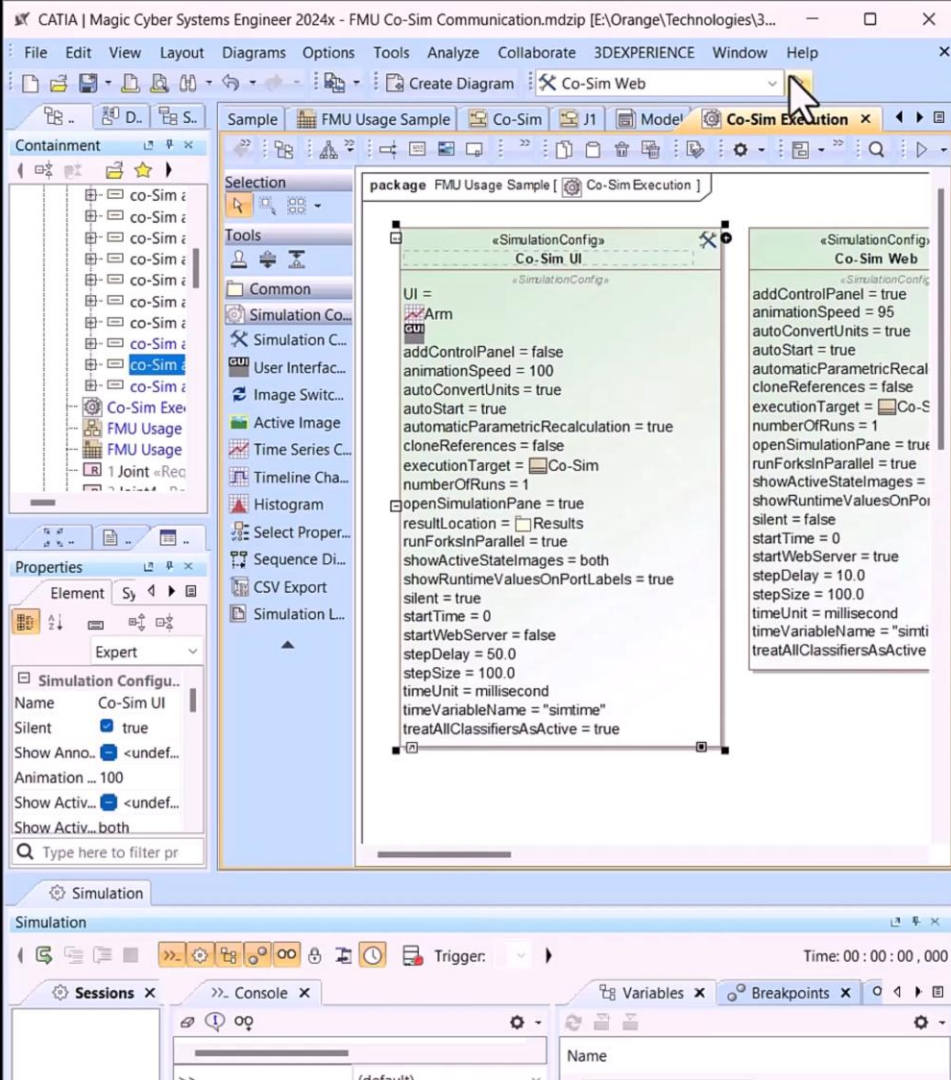

USE CASES

Rapid Digital Prototyping

act [Activity] Rapid Digital Prototyping [Rapid Digital Prototyping]

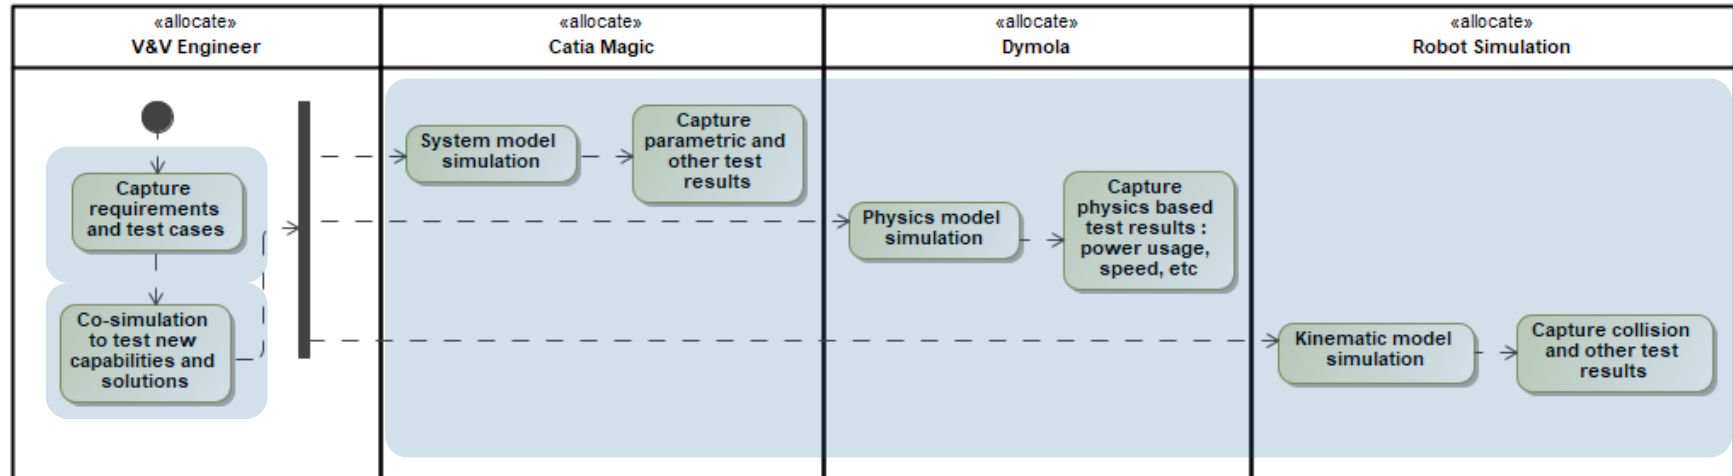

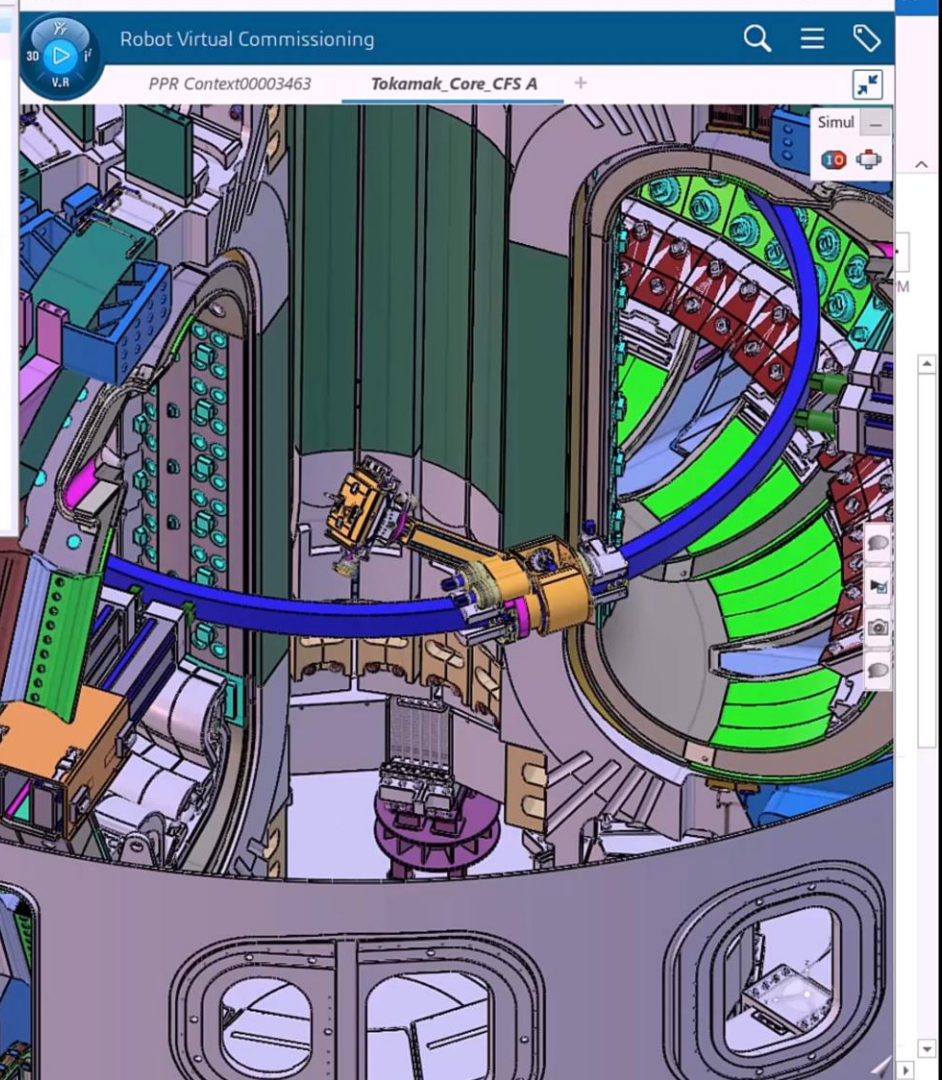

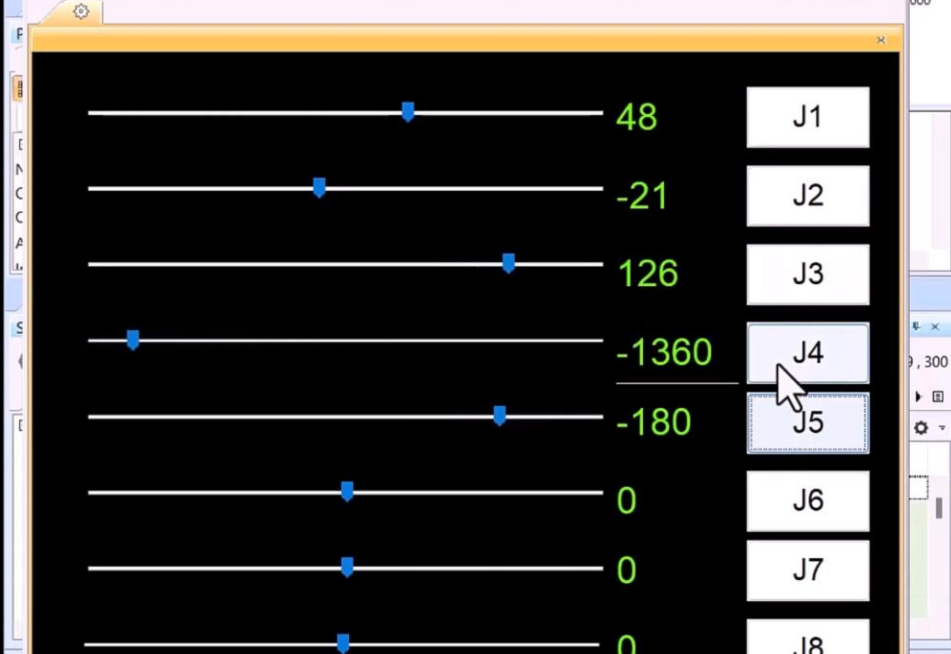

USE CASES

Digital Requirements Validation and Verification

act [Activity] Digital Requirements Validation & Verification [Digital Requirements Validation & Verification]
