

## Systems Engineering Influencer Award Recipients

Year Recipient	Award Citation
<b>2023 Yogananda V. "Yoga" Jeppu, PhD</b>	For his significant contributions and community outreach in adoption of systems modeling and model-based systems engineering in industry and academia in India.
<b>2022 Kevin L. Weinstein</b>	For his leadership in promoting the business value of systems engineering throughout Booz Allen Hamilton by promoting INCOSE certifications for staff, and inserting digital engineering practices in large billion dollar programs.
<b>2021 ALBERTO SOLS</b>	For his pioneering efforts and significant contributions in the field of systems engineering in Spain and Norway, influencing its adoption and dissemination when it was a virtually unknown discipline in both countries.
<b>2021 Kristen Baldwin</b>	For her leadership in influencing the acceptance, adoption, and implementation of systems engineering in the DoD community, and as a major contributor and advocate for INCOSE initiatives and the formation of the DOD SERC.
