Step 6.2

Knowledge Requirement:

If you are applying **before fulfilling the Knowledge Requirement** (exam or equivalency), please give us an indication of **how you plan to fulfill it**.

You can still submit and pay for your application, but it will only be approved if the Knowledge Requirement is complete.

If you have **not yet fulfilled** your Knowledge Requirement, the fields above will remain blank.

Please let the Certification Office know how you plan to fulfill your Knowledge Requirement:

- ☐ Online Exam
- ☐ Paper Exam
- ☐ Exam Exemption through DAU
- ☐ Academic Equivalency Course

To register for an exam or request an exemption, visit your [\[Home Page\]](#) in the INCOSE Portal, select the **Certification** tab, and choose the option that best meets your needs.

If you plan to satisfy the Knowledge Requirement through an **Academic Equivalency** course, **do not register for an exam**. Your university will submit your eligibility directly to INCOSE. Once we receive and verify their submission, the INCOSE Certification Office will contact you with further instructions.

In all cases, you may still *submit and pay for your certification application at any time*. However, your application cannot be approved until your Knowledge Requirement has been completed and verified by the INCOSE Certification Office.

How to Send Requests

Use the fields below to request references from a third-party. The person you send this reference request to will **not** need to create an account in order to submit Form 4b. Once your request has been sent, the reference will receive an e-mail with instructions on how to provide the information needed for your application. You will also receive a confirmation e-mail once we receive materials from the reference.

Support letters must be received before the deadline.

How to use this field:

1. Enter the full name of the third-party you wish to request a support letter from
2. Enter the individual's e-mail address in the e-mail field
3. Click the button titled "Send Request Now"
4. If your request was successfully sent, you may see a note in red like this: **"(Not Received)"** - It means that the reference has not yet submitted the requested form, not that your e-mail request itself was unsuccessful.
5. Once you've **received confirmation that all your references have been submitted**, click the "Save and Submit" button below. This will forward your reference letters to the INCOSE Certification Office, allowing them to proceed with reviewing your application.

Step 12.2

Scroll down to Reference #1, select the position(s) this reference is covering, and type in their full name and email address.

When you click on "**Send Request Now**", you will see that the status will change from (Not Sent) to (Not Received)

(!) Ensure that you are listing **enough references to cover the minimum experience** required (*at least 60 months of direct SE professional experience, with at least 12 months in 3 or more functional areas*).

You can list up to 8 different references.

Step 13

Wait for the **review process** to be complete.

If additional information is needed during this phase, you'll be contacted by the Certification Office.

Once the review process is complete, if the Knowledge Requirement is already fulfilled, the application should be approved, and you'll be notified once the **digital certificate** will be ready in the INCOSE portal.

If the Knowledge Requirement is still pending, you'll be reminded of it by the Certification Office.
